Call 301-772-3197 to contact the Mayor. The Mayor's door at the Community Center is open to visitors on **Monday evenings** from 7:30 to 9:30 PM, except holidays or if otherwise posted.

**Happy August / Please Water Your Trees:** Hey Folks, I hope everyone is enjoying their summer. July has been particularly hot and muggy, so let's hope the August is a little kinder.

Please remember to water your trees so that they can thrive this summer. Cheverly's tree canopy is one of the signature characteristics of our community, so let's work together to keep it healthy. Also, now is the time to call Public Works at (301) 773-2666 to order a tree to be planted in your yard. What could be better; a free tree delivered and planted by our crack Public Works Department.

**43<sup>rd</sup> Cheverly Town Council begins to set its Agenda:** Now that the 2018 Budget is set, the Town Council is beginning to set its agenda for the upcoming months. Looking at the August work session agenda the council will begin discussions on the Trust Act, Feral Cats, Climate Change Proclamation, Monitoring the Ernest Maier Concrete Plant, and developing a position description for new office staff.

Over the next months, the FYI will keep you informed about the status of these discussions, however please keep in touch with your council member if you have thoughts on these topics.

**A Trust Act for Cheverly:** Council Member Ivey, with support from others, has asked that the Council consider passing a Trust Act for Cheverly. Discussions will begin in the July Worksession and continue through November. Specifics of the Trust Act will be discussed in future FYIs, however it is important to ensure that Cheverly residents understand the current policies and practices of the Cheverly Police Department

Below is a Q&A between Chief Robshaw and I based on questions provided to me by residents over the last few months:

**Q: Do Cheverly Police ask for immigration papers when an individual is stopped for any transgression?**

**A:** No, however these papers can be used by an individual if they choose to for identification purposes.

**Q: Do Cheverly Police ever ask for immigration papers when an individual calls to report a crime or suspicious activity?**

**A:** No

**Q: If immigration papers are used for identification, do the police use them for other purposes?**

**A:** Immigration papers are used for Identification only.

**Q: Are individuals that commit felonies treated differently? What happens when a felony suspect is detained?**

**A:** Cheverly PD is not involved in this process, as we do not have a cell to detain criminals. All detainees are held at the county and county policies take precedent.

**Q: Has Cheverly PD ever been contacted by another department (ICE) to participate in the "rounding up" immigrants?**

**A:** No, although the Cheverly Police Department did cooperate once with ICE and Homeland Security when contacted about participating in an operation to stop a human trafficking situation where victims were at the Howard Johnsons.

**Q: Have we ever been asked to provide information about folks without documentation?**

**A:** No, and the Cheverly PD does not retain this information.

**Q: What information does the town of Cheverly retain that might be shared or requested?**

**A:** Cheverly utilizes a central county crime reporting utility, and does not retain information locally.

*Mayor FYI continued...*

**Climate Change Proclamation:** As a Maryland Municipality that has attained the status of a Sustainable Community, the council has displayed a desire to sign on to the organization's proclamation regarding Climate Change. The Town has shown consistent progress to meet the goals of Sustainable Maryland and to reduce the energy consumption and carbon footprint of the town.

The town has converted lighting to LEDs, purchased smaller vehicles that consume natural gas and other initiatives have moved us in this direction. The town is currently pursuing grants that will allow us to purchase other natural gas vehicles in the future.

The proclamation being discussed will express the council's desire to continue to pursue these avenues.

**Is Something Happening at the Craftsman Building?** Let's start with the basics, where the heck is the Craftsman Building. This is an empty 145,000 square foot building in the Cheverly Industrial Park. While you can only get there via Kenilworth Avenue, this is the building that directly abuts the Cheverly Pool.

Recently the building was sold and the new owners approached the town, asking what we might like to see at the site. Initially we outlined a number of items we wouldn't like to see, noxious smells, noise, and long hours of operation. However, the owners persisted asking what we might like.

Reaching into the Envision Cheverly and Cheverly Sector Plan documents, we talked about breweries, eating spaces, recreation and art and craft spaces. Surprisingly, the owners took this idea and ran with it. They are working towards a project that might incorporate food truck businesses, innovative kitchens for their use, recreational uses, space for the sale of local farmers and more. While the vision is still fuzzy and the overall direction could change dramatically there is some activity toward achieving these goals.

The Town Council will continue to work with the owners and their representatives in an attempt to move this vision forward.

**OUR NEXT STREET MEET: The next Street Meet is scheduled for Saturday, August 19, 2017. Time, 1:00pm – 4:00pm. This Street Meet will take place at the Cheverly Station Apartments pool located adjacent to 6411 Landover Road.** The Street Meet format was created to make C-PACT more accessible to Cheverly residents and to showcase a number of interesting topics about the Police Department that are not generally made available outside of Public Safety Day. A Street Meet is an opportunity for residents to walk to the meeting, obtain handout materials on Ride-Alongs, house checks, home security surveys, and vehicle donations, and an opportunity to interact neighbor to neighbor. It is also an opportunity to discuss local crime issues specific to the streets and homes of Ward 4. There will be equipment displays, handouts for the kids, and an opportunity to meet members of the Cheverly Police face-to-face. Hope to see all local residents there.

**PEDESTRIAN SAFETY IS MORE THAN JUST WATCHING OUT FOR MOTOR VEHICLES!** Most victims of robbery are pedestrians. Most victims of robbery in Cheverly are lone pedestrians either walking along Cheverly Avenue or on foot alone having returned home to the apartments along Landover Road. Regardless of how a Cheverly resident finds themselves on foot, I would like to offer a number of safety tips all could follow in order to minimize the likelihood of becoming a victim of any crime.

1. Find a friend to walk with. Street robbers seek to take advantage of opportunities and target individuals walking alone. Always try to walk with

others or in close proximity to others and always try to stay within well lighted areas. If possible, carry a flashlight at night, keep jewelry and other valuables hidden, and always keep a cellular telephone available.

2. Observe what is happening around you. Street robbers tend to watch their intended victim for a short while and intercept him/her along a path the victim is currently following. Be observant of people loitering ahead or for occupied vehicles waiting by the roadside. If you see something suspicious, reverse your course or immediately go to the nearest house and seek assistance from the resident.

3. Carefully note details. If you are accosted by a stranger or a suspected robber, pay close attention to the person's facial features, clothing, a weapon (if displayed), and any conversation that the person has with you. Most importantly, note any vehicle that may be involved and the direction of travel of that fleeing vehicle.

4. Use common sense. Assume that any gun or other weapon a robber(s) displays or infers is real and do not attempt to disarm them. Additionally, do not use physical force, any pepper spray or chemical agent, or any other potential weapon unless you have no other alternative. Money, valuables, credit cards, and other identification can easily be replaced, you cannot. Remember, life has no reset button.

5. Safety, especially your safety, is the primary concern. As soon as you are no longer in danger, immediately contact the police by cellular telephone or a nearby home/business. Do not wait until you get home to call the police. Give police communications as accurate a description of the suspect and suspect vehicle as possible, notify them immediately if you are injured in any way, and stay on the scene until the arrival of a police officer or detective. Do not try to follow the suspect(s) or attempt to detain them by yourself.

*Message from Chief continued...*

**HOW YOU CAN HELP WITH THE OPIOID EPIDEMIC:** The opioid epidemic has spread throughout the State of Maryland and the Washington Metropolitan Region. Thousands of lives have been lost in Maryland as users move from prescription opioid medicines to street drugs like heroin and fentanyl. Many of these users got their start by sampling medicine cabinet drugs like such as oxycodone (OxyContin<sup>®</sup>), hydrocodone (Vicodin<sup>®</sup>), codeine, morphine, and Percocet, among others. All Cheverly residents are encouraged to drop off their expired or unused prescription drugs for free disposal rather than depositing these items in the regular trash or flushing unwanted drugs down a toilet. Not only does this service improve our environment, it deters unwanted narcotics and other drugs from falling into the hands of persons for which these drugs were not prescribed.

Residents who wish to drop off expired prescription drugs, unused pharmaceuticals, or over the counter medications, may do so anonymously (no requests for identification will be made) during office hours (M-F, 9:00 AM to 5:00 PM) in the metal drop off box. Please make sure that any personal information (name, address, etc.) is blocked out on any prescription container and that the lids on all liquids are tightly closed.

## Explore the Wilderness Next Door -- Woodworth Park

Cheverly has five natural areas awaiting your discoveries. Leave the car in the driveway – you can get there by bike or on foot.

The Woodworth Park Hub is unique in having a wide variety of terrain, from hilly upland to a marsh fed by Tributary 3. The marsh filters and purifies the water, enabling the downstream part of the creek to support a variety of aquatic life. The park also includes some very old trees, mountain laurel, native azaleas and a small population of wildflowers. Woodworth Park has been the focus of educational, stream restoration and invasives removal activities by Friends of Lower Beaverdam Creek. A 3/4 mile long natural-surface trail allows hiking between the Cheverly Community Center and Cheverly Avenue, through a variety of habitats. Get to the trail and this natural treasure from the Community Center basketball court, the tot lot at Wayne Place and Cheverly Park Drive, the Parkway-Arbor Street corner, or Cheverly Avenue near the 7/11.

Join your neighbors in maintaining the beauty of Woodworth Park. Friends of Lower Beaverdam Creek holds trail maintenance and invasives removal work parties the last Saturday of the month. Contact Joani Horchler, [joani.horchler@gmail.com](mailto:joani.horchler@gmail.com). Maps and more at [www.greencheverly.org](http://www.greencheverly.org).

## Progressive Cheverly

On Thursday, September 7, Progressive Cheverly will present a Forum: **Returning Citizens and our Community**. Last spring a large number of Cheverly residents objected to the placement of a Halfway House in our town. Yet the fact remains that formerly incarcerated persons live in Cheverly as they do elsewhere in Prince George's County and very few public services are offered to help this vulnerable population. This forum will present experts and activists who will examine the public policy steps we can take to help reintegrate them into civic life upon their return as well as look at the public policy choices that result in so many fellow citizens being locked up in the first place. 7:00 pm, Hoyer Education Center (cafeteria), 2300 Belleview Ave, Cheverly. (Parking Available), Light refreshments will be served.

The 4th Ward Civic Association is alive and well! All residents living in the 4th Ward are members of the Association, and we hope you will join us **September 18, 2017**, when we resume meeting after our summer break. Meetings are held the **3rd Monday of the month at 7:00 p.m. at the Town Community Center**. We hope to have some special guests at the upcoming meeting and want to see you there!

Please email at [kaycesimmons@yahoo.com](mailto:kaycesimmons@yahoo.com) should you have any questions and/or concerns. We are updating our email list and hope to have every resident in the 4th Ward added in order to increase communication for among all of us. Please send your name and email to [cheverly4thwardca@yahoo.com](mailto:cheverly4thwardca@yahoo.com).

Thank you!

## *Grief.*

This powerful emotion can change people and communities. New and better support structures can arise. The power both of grief and of support have gripped us several times in the year since Cheverly Village was established.

It is never easy to say goodbye to a loved one. Village Volunteers join other neighborhood and religious organizations to assist and support members as they navigate this difficult transition. We support those who are grieving even as we grieve ourselves. Village co-founder Laila Riazi says that when she helped create the Village she envisioned "volunteers alongside community members in such a way that they would feel loved and supported through and through." This vision is becoming a reality. Grief does not go away when this happens, but it can be witnessed, and the burden thereby shared.

Medicinenet.com states that grief is the normal process of reacting to loss. The loss may be physical (such as a death), social (such as divorce), or occupational (such as a job). We can know and honor ourselves more deeply when we fully experience our emotional responses to grief, especially within the context of a caring community. We may grieve the loss of a specific person or the loss of our sense of safety for our children or for our limited abilities as we age.

Cheverly Village carries in our hearts the losses of a Board member and several Village members and potential members. At the same time, we celebrate their lives and the opportunities ahead for us to serve others. Cheverly neighbors, please care for yourselves, honor your connections, share your joys, strengths and lives lived well as we embrace and try to make peace with grief.

On September 25, Cheverly Village will be hosting a live streaming event celebrating 15 years of the Village movement and featuring Dr. Atul Gawande, author of *Being Mortal*. Details will be posted on the CheverlyVillage.org calendar as they become available.

*To learn how to become a Cheverly Village member or volunteer, or how to make a tax-deductible contribution, please call us at (240) 770 1033, write us at vil-lage@cheverlyvillage.org, or check out [www.cheverlyvillage.org](http://www.cheverlyvillage.org).*

**The Woman's Club** - Peace Camp 2017 is finished. We would like to send gratitude to everyone who participated, from club members who helped raise funds and contributed themselves, to parents who enrolled campers, to MJ & Jerry Park and their Little Friends for Peace staff and volunteers, and especially to Pastor Lillian and the congregation of the CUMC for opening its doors to us. We look forward to this as the beginning of an ongoing relationship for "peace".

**Cheverly Garden Club** - Although it has been so very hot and dry as we go through town we notice lots of color and green lawns. Plans have been made for the Fall. On September 16 we are sponsoring a trip to Hillwood, the home belonging to Marjorie Merriweather Post in Washington DC near Rock Creek Park. Included is an Orientation Film introducing Mrs. Post's life and the legacy she left behind at Hillwood. Guided tours will be done for the Mansion and the Gardens. A three course entree lunch will be served at the Cafe. Suggest you go on the internet and look Hillwood up for yourselves. The cost is \$50 per person and reservations must be made by August 12. For details contact [Emdonol@comcast.net](mailto:Emdonol@comcast.net). Our First Meeting of "Garden Club Year" will be September 18 at 7:00 PM on the 4th floor of Cheverly United Methodist Church. Our Speaker is connected with Homestead Gardens and the Subject is Modern Homesteading. There are many aspects dealing in this subject and he will touch on several that will help with small gardens and using some of the new ways to compost. There are new items and methods. He has done workshops for Homestead and we are fortunate to have him with us. This should help with interest in Organic Gardening. There will be no charge for you to attend this meeting. Our Business meeting will be after the speaker.

To join the Club the membership Fee is \$15. In October when you come to the meeting and bring a Pumpkin you will be able to do an arrangement for free. Non-members will be asked to give a \$6 donation. The November Meeting works the same way for Greens. Thank you for buying at the Plant Sale in May. It was very cold and wet and we did not earn as much as in the past BUT we have still been able to share in the community. We created 35 arrangements that went to persons in town and in two adult care venues. We donate to the American Legion and other organizations. Remember we are a "dirt under the nails club" and welcome new members.
