D'Ranch Restaurant Liquor Board Hearing. At the August Town Meeting, the owners of D'Ranch restaurant and their attorney spoke about their plans for the restaurant, located in the small strip of businesses on Maryland Avenue, just outside of town, across from the Giant food store. They asked the Mayor and Council to reconsider their previous opposition to their application for a transfer to this location, of the liquor license they hold from their now closed club, D'Revolution in the Hampton Mall. They maintained that while the restaurant has been successful, in order to make it grow, they need to be able to have an on-premise liquor license so that they can serve liquor to their patrons. (This type of license would *not* allow off-site liquor sales.) The owners also informed the Council that they planned to have music and entertainment at the restaurant and that the restaurant would stay open until 2 PM. They announced that they would again be before the County's Liquor Board at a hearing on August 23rd. After a great

LABOR DAY HOLIDAY

Monday, Sept. 5 — Offices Closed — No Trash Pickup

Cheverly Day 2006 is April 29th

Mark Your Calendars!

This is the 75th Anniversary of our town.

That means a Parade, Marching Bands, Floats, Cicada Crunch III, Music, Games, Contests, Prizes, Food, and of course, Fireworks!
You know – the Whole Shebang.

We have less than 8 months until Cheverly Day 2006 and we have a lot of work to do. We're looking for volunteers. If you feel like you have something to contribute (and you do), we're looking for your help. We won't ask you to lift or carry heavy boxes – yet - we're looking for organizational support now. We'll also have plenty of community service hours for those who need it as we get closer to the Big Day. We're meeting on **Tuesday September 13th at 7:30 PM in Town Hall**. Check the website for updates - www.cheverlyday.com. *Nick D'Angelo*

deal of consideration and discussion, Council has decided to continue to oppose this application.

A little over two years ago, Mayor Beyna and this Council successfully opposed this same license transfer. Town Attorney Richard Colaresi successfully argued enforcement of a regulation that precludes granting a liquor license to an establishment within 500 feet of an operating church. Cheverly was joined by the congregation of the Church as well as citizens from the Landover Knolls and Radiant Valley Citizens Associations, County Councilmember David Harrington and other elected officials. At the August 23rd hearing attended by Councilmember Lee Schachter, Chair of the Cheverly Planning Board, Hugh Guest, Town Administrator David Warrington, Richard Colaresi and me, the attorney for the applicant cited an exception to the 500 feet regulation, which allows for a license for a sit-down restaurant serving liquor from the bar. Mr. Colaresi asked for a continuance and the hearing will be Wednesday evening September 14th at 7:00 PM.

The Council and I strongly oppose this liquor license for a number of reasons. The license is being transferred from an adult entertainment club, D'Revolution, in the Hampton Mall. There were many, many problems at that location and residents and community leaders in that neighborhood fought to get it closed down or moved. The owner of that club, who is also the applicant for D'Ranch, has assured the Town that there will be no adult entertainment at this location and, despite the 2 PM closing, this will be a family restaurant with no negative impact on the neighborhood. Council and I remain skeptical,

given D'Revolution's notorious reputation. We need, and in fact encourage good restaurants and dining options in and just outside of Town, (Fratelli's, the Friendly Inn and Angel's to name several), but we fear D'Ranch could quickly become another D'Revolution. In addition, we feel our fears are well founded given the history of the Black Scorpio Club, which was right here in Cheverly in 1994. While the applicant for D'Ranch states she had no involvement with Black Scorpio, a brother-in-law was the owner and operator. Black Scorpio was a nightclub operating out of a warehouse in the Cheverly Industrial Park. The permit was obtained for a private club, theatre, cultural activities and employee recreation center but soon became an out of control nightclub. Commercial residents of the Industrial Park were accosted, gunshots were commonplace and patrons ran through the residential neighborhoods around Euclid Park, sometimes as late as 3 AM. The Town successfully petitioned the County to revoke that license but not before a young man from Virginia was fatally shot outside the club and an underage girl had her face slashed.

We need as many people at

the hearing as possible---at this type of hearing many people just showing up helps our cause. Unlike the previous hearing, when attendees had to take time off from work, this one is in the evening after work hours and just around the corner in the County Service Building across from Franklin's Restaurant. Come a few minutes early to sign up to show your opposition or to speak in opposition.

Also at the August Town Meeting, Cheverly's State Senator, Gwendolyn Britt, and State Delegates Victor Ramirez and Doyle Niemann spoke about the past legislative year and their expectations for the 47th District and the State in the upcoming session. There were questions from Council and the citizens in attendance concerning slots, taxes, plans for Prince George's Hospital Center and many other issues. As we always do, Council asked for their help on many things including redevelopment of the Giant Shopping Center and Cheverly Metro/Tuxedo Road, money for the Kenilworth Interchange, and getting an MVA Express office in the District to name a few. The \$100,000 grant our delegation had already secured for the Town's Police station will soon be put to good use and they promised to continue to help with funding for this project. The Councilmembers and I see Senator Britt and Delegates Ramirez and Niemann many times during the year, but this was a great opportunity for the residents of Cheverly to see them and ask questions. It was an informative meeting and we all thank them for their time and continued help and support.

And speaking of residents of Town, welcome to our newest Cheverly resident, State

Bladensburg High School opens. Many parents and students in town were anxiously awaiting the opening of the new Bladensburg High School. However, this excitement was tempered when Bladensburg High School students living in Cheverly were informed that there would be no bus transportation to and from school because they lived within a 2.1 mile radius of the school. In addition, the parents were informed just *two days* before the start of school, catching them off-guard with no time to make alternate arrangements. Vice-Mayor Vincent Ford (whose son also attends Bladensburg High) and I have been working with the County Schools Transportation Department, County Councilmember David Harrington's office and County Executive Jack Johnson's office to get this resolved. It is our position that while these students may live just within the 2.1 mile radius, they have to cross two major roads, Route 202 and Route 450 in order to get to school and this is just not safe. Parents or concerned residents are encouraged to call County Councilmember David Harrington's office (301-952-3864) and County Executive Jack Johnson's office (301-952-4131). The Council and I will continue to push for a better plan to get these students to school safely. In the meantime, Police Chief Robshaw has directed his force to have a presence at Route 202 during the times our students walk to and home from school.

From Public Works.....

Our Town-Wide Clean Up Day in July was very successful in tax dollar savings. This one day of FREE dumping for Cheverly netted dumping-fee savings for the town of \$2,802.17. We wish to Thank our residents for their cooperation and participation.

Pilot Private Property Planting Program

The Town of Cheverly, in an effort to promote and preserve its urban forest, is proposing a pilot program this fall. The Town will continue to be aggressive in planting trees in public rights-of-way (the first 11 feet back from the top of the curb), and on publicly owned property. We often times find our species selection and potential size selection limited by overhead utility wires, underground utilities and/or sidewalks.

The "***Private Property Planting Program***" would be a cooperative effort between the Town of Cheverly government and the citizens of Cheverly. The program provides for a "**license to enter**" agreement between the property owner and the Town of Cheverly, which allows the Town access for planting, mulching and pruning for a one-year period. Upon the conclusion of the "license to enter" term, the property owner has sole rights to the tree. **An example of the agreement is available for review upon request.** The property owner will be provided with a brochure outlining tips regarding the care and maintenance of the tree. The phone number for the Director of Public Works will be included should questions arise.

If you are interested in being considered for this pilot program, which will include approximately five trees to be planted in late October, just mail or bring the form below to the town offices by October 1st. The Mayor and Council felt that a lottery system would be the most equitable means by which to select participants.

PLEASE NOTE THIS DATE:

Wednesday, September 21, 2005, at 7:30

PM. This is the date for the first meeting of the **Chief's Advisory Board/ Neighborhood Watch Meeting.** We have a number of important issues to discuss that require the support and guidance of committed citizen partners. This is a date change from that previously announced for this meeting in the last newsletter. Please mark your calendars with this new date.

There have been a number of citizen armed robberies in Cheverly over the past several months. Most of these robberies have occurred along the Landover Road corridor, but several have occurred on residential streets in the single-family home area. In all of these robberies, with few exceptions, the victim was walking alone after dark. The Cheverly Police Department is developing a number of strategies to reduce citizen robberies, but I am also requesting Cheverly residents consider the following suggestions:

1. Walk with another person whenever possible.
2. Stay in well lighted areas and carry a flashlight, if possible.
3. Scan the area ahead of you for suspicious persons or vehicles, and if you note same, cross the street or walk up to the door of the closest house.
4. Do not wait to get home if you are the victim of a crime – Call 9-1-1 from your cell telephone or the closest residence where someone is home.
5. **Do not resist an armed suspect or one who infers a weapon.**
6. Be a nose neighbor – call the police whenever you see anything suspicious.

I would like to thank all Cheverly residents who attended National Night Out on August 2, 2005. This was our biggest turn out to date and it was very gratifying to see so many interested citizens. In addition, I would also like to thank everyone who came to the Less-Than-Lethal Weapons demonstration on August 10, 2005. Corporal Billy Gleason of the county police did a great job demonstrating a number of weapons systems and their advantages and disadvantages. Look for more information on this important topic in

the near future.

Great News! **The Cheverly Police and Homeowner Anti-Burglar Partnership signs** have finally arrived. These red and white signs are very distinctive and indicate to any passerby that a homeowner who displays such a sign has had his/her residence inspected by the police department and the contents inventoried and recorded. These red and white signs have been purchased by the town and are simply waiting to be displayed in the windows of homes that have passed the inspection.

DON'T DRINK AND DRIVE !!!!

Not sure if you've had too much to drink? Don't drive – one drink is a drink too many. The Cheverly Police Department reminds you that law enforcement will be out in full force this Labor Day looking for impaired drivers. Don't risk losing your license, your car, or your freedom. Designate a sober driver, take a taxicab, use mass transit, or you'll be taking a ride straight to jail. Remember: You drink and drive, You lose.

Please note the following notice that we received from Maryland MVA concerning new laws that will take effect October 1, 2005 concerning teenage drivers.

MVA

ATTENTION TEEN DRIVERS:

Here are 5 quick ways to lose your driving privileges*

1. **Talk on your cell phone while driving.**
2. **Drive with friends in your car.**

5. **Get a speeding ticket.**

* Six new laws will take effect on October 1, 2005 that will apply to everyone** who has a learner's permit or a provisional license.

Cheverly GARDEN CLUB

Maybe when you read this we will have had rain and it will be cooler. There have been thoughts given to making Winter decorations and we need to get some of our materials together in the early Fall. Look and save pine cones and acorns and all dried materials. If you see milkweed pods, save and dry them. I hope to have some boxwood to show you an example for the November meeting **Hands-On** Workshop. We still need an idea for the October Meeting...Help. Remember that our Mission Statement from 50 years ago still applies. The purpose of this club shall be to encourage and advance the fine art of gardening and

landscaping; the study of horticulture and conservation; and the beautification of our environs. If you are reading this and are not a member of the club WE INVITE you to come to our meeting on the **19th of September**. That is a Monday, the time is 7:00PM and the place is the 4th floor of the Cheverly United Methodist Church. Park in the lot...go in the lower door...take the elevator to the 4th floor...turn right...and a quick left...keep going to the Parlor Room. No Charge unless you join...DRESS very casual. The Club is 50 years old and we need NEW BLOOD. Taking that into consideration, we know that a number of new people are interested in other styles of landscaping than what they find in their gardens and that some of us are tired and want change...SO WE ARE LUCKY TO HAVE **Gene Sumi from Homestead Gardens** speaking. The evening's topic is **"Insight into the Japanese Garden"**.

You will gain help and knowledge about creating a Japanese-style garden. This is an opportunity, in a neighborhood setting, to hear Mr. Sumi. In Zen philosophy, everything possesses a spirit and you will be introduced to plants that can be grown here. Give us a chance to meet you, and enjoy what you have to offer and keep the Garden Club active. There are so many lovely gardens in Cheverly and we need to learn from you. Remember that if you have a public space planted in front of your home...water and pull a weed. See you on the 19th and if you have questions call **301-773-1991**. *Anne Gardenhour*

Participants must be 60+. Call Karren Pope-Onwukwe for more information and to register at 301-864-5783 x102. There is limited seating.

*Excerpt from Senior Corner by Karren Pope-Onwukwe: **Protecting Our Elderly from Financial Exploitation***

Helen Hayes once said, "what becomes fragile when we age is not our bodies as much as our ego" - this is especially true for elderly victims of financial exploitation. Many seniors are exploited by people they know, paid caregivers, neighbors, even relatives. Examples of financial exploitation include: forging signatures on financial documents; making unauthorized withdrawals, coercing individuals into giving away property, tricking people into giving away property, charging excessive fees for services, committing mail, telephone, internet or person-to-person scams.

.....Accordingly, this year the Law Foundation of Prince George's County will kick-off its series of free Elder Law Clinics by holding a forum on Consumer Fraud. The forum will provide information to seniors, caregivers, family and friends. There will be no charge for the clinic/forum, however seating is limited, please call Karren Pope-Onwukwe at 301-864-8354x102 to reserve a seat or email pope-onwukwe@lawfoundationpg.org.
