

Ride-Along Program

“Ride-Along” means to be an official passenger/observer in a patrol vehicle, accompanying a police officer during part of a normal tour of duty. The primary purpose of a police ride-along is to provide an opportunity for the community to see firsthand the day-to-day workings of law enforcement in Cheverly. The ride-along guest receives important insight into what it means to be a police officer. Criminal Justice students and people interested in a career in law enforcement have found it particularly useful. Participants complete an evaluation form at the conclusion of the ride-along to aid the department in monitoring the program’s effectiveness. The ride-along program fosters a better understanding of the challenges, hazards and rewards of the police officer’s role in the community.

Ride-Along Goals...

- to provide an opportunity for citizens to get to know their police officers
- to provide citizens interested in a career in law enforcement an opportunity to examine the job
- to educate the community about the responsibilities of police officers; what to expect if they ever have a need to call for police assistance
- to provide an opportunity for police officers to get to know their community

General Procedures...

- Ride-Along requests must be submitted at least 48 hours before the desired ride-along date.
- No one shall ride until approval has been granted and a properly completed waiver has been signed.
- No observer will accompany the officer while transporting or booking prisoners.
- At no time shall an officer, while accompanied by an observer, engage in pursuit driving, respond to a violent crime in progress, or perform a felony traffic stop, unless they deposit the observer at a safe location.
- A records check will be made of the potential Ride-Along candidate.
- Ride-Along participants are only permitted to ride between 0800 hours and 0200 hours.
