

YARD WASTE - MONDAY

Yard Waste consists of grass, tree trimmings, cut branches, cut up bushes, and leaves.

Please note, yard waste is picked up **ONLY** on Mondays. If Monday is a Holiday, yard waste will be picked up on Tuesdays. Please do not put your bags out on any other days.

Grass and tree trimmings are not considered bulk trash. Bamboo cannot be taken to the yard waste location; therefore BAMBOO must be tied up, bundled in 4' lengths and put out with bulk trash.

DIRT in cans will NOT be picked up.

The weekly yard waste pick up does not include the collection from the clearing of an empty lot. However, the lot owner can arrange with Public Works to collect the yard waste for a fee. The collected yard waste must not exceed 4' in length or 4" in diameter, must be tied and bundled or containerized and must not include dirt.

THE FALL LEAF VACCUMING DOES NOT APPLY TO THE PREVIOUS STATEMENT.
