

WORKSESSION

June 24, 2021

7:30 PM

AGENDA

1. **Call to Order**
2. **Pledge of Allegiance**
3. **Swearing-in of Mayor** – Acting Mayor Kayce Munyeneh will be sworn-in as Mayor.
4. **Appointment of Vice Mayor** – Mayor and Council will appoint a Vice-Mayor.
5. **Ward One Traffic Studies** – Jack Goode, AMT Traffic Engineer, will present his traffic study of Tremont Avenue for discussion. The report is attached. (20 mins)
6. **Mosquito Dept of Agriculture** – A representative from the Maryland Department of Agriculture will be attending the meeting to discuss the State's mosquito spraying program and the Town's participation in this program. (20 mins)
7. **Atapco Easement Presentation** –TownAdministrator Galloway will bring forward a request by Atapco to approve a resolution concerning the craftsman property. (15 mins)
8. **Fence Variance** – Mayor and Council will discuss potential policy and pending request for fence variances. (10 mins)
9. **Maryland Municipal League** – Mayor and Council will discuss priorities for the MML conference. (10 mins)
10. **Leadership Retreat** – Mayor and Council will discuss dates for leadership retreat. (10 mins)
11. **Town Administrator Report** – Town Administrator will provide a report to the Mayor and Council regarding Town operations and a summary of actions taken under the COVID-19 state of emergency. (15 mins)
12. **Review of July Town Meeting agenda and future requests** – Mayor and Town Administrator will offer a forecast of the July 8 Town Meeting agenda. Mayor will seek Council input on agenda items for consideration for future meetings.
13. **Adjourn**

**Residents will have the opportunity to speak for up to 3 minutes after each agenda item.*

You are invited to a Zoom webinar.

When: June 24, 2021 07:30 PM Eastern Time (US and Canada)

Memorandum

TO: Mr. Dylan Galloway, Town of Cheverly (TOC)
Mr. Steve Brayman, TOC

FROM: Jack A. Goode, II, P.E., PTOE, A. Morton Thomas and Associates, Inc.

RE: Tremont Avenue Traffic Calming

DATE: April 5, 2021

Introduction:

This memorandum documents the TOC residents' request for traffic calming devices along Tremont Avenue between Inwood Street and Greenleaf Road to reduce vehicle speeds. The decline in vehicle speeds would support a safer environment for children to play and residents to walk and bike. Tremont Avenue is assumed to run in a north-south direction (See Figure 1). Property owner emails were initially obtained as part of the Petition for Traffic Calming Devices in which a minimum of 60% must be obtained (See Exhibit A).

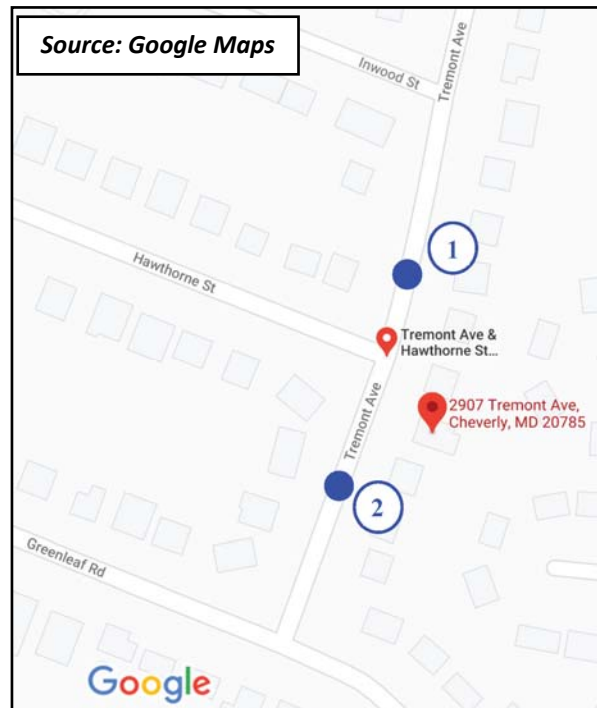

Figure 1

1=Tremont Avenue (North of Hawthorne Street)
2=Tremont Avenue (South of Hawthorne Street)

Findings:

A site visit was conducted on Thursday, March 4th, 2021 to ascertain the existing conditions. Tremont Avenue is a 2-way, 2-lane residential roadway with sidewalks and on-street parking on both sides. North of Hawthorne Street, Tremont Avenue consists of a moderately steep downhill grade starting from its midpoint between Inwood Street and Hawthorne Street towards Hawthorne Street. South of Hawthorne Street, Tremont Avenue consists of a moderately steep downhill grade until it flattens out approaching Greenleaf Road. There is no posted speed limit. Hawthorne Street is a 2-way, 2-lane residential roadway with sidewalks and on-street parking on both sides. It has a relatively flat grade near the intersection and the grade increases heading to the west. There is no posted speed limit.

The intersection of Tremont Avenue and Hawthorne Street is a T-intersection with a STOP sign on the Hawthorne Street approach. The STOP sign is in good condition. There are no crosswalks across the three (3) approaches. The pedestrian ramps appear to be ADA compliant.

Tremont Avenue – Looking North

Tremont Avenue – Looking South

Hawthorne Street – Looking East

Two (2) speed studies were conducted along both directions of Tremont Avenue over a one-week period (168 continuous hours). The speed studies were conducted from Thursday, March 4th, 2021 to Wednesday, March 10th, 2021 in both directions of Tremont Avenue to the north and south of Hawthorne Street. Table 1 below provides a summary of the results and Exhibit B contains the detailed results of the two (2) speed studies.

Table 1

Speed Study Summary							
Location	Speed Limit	Average Speed	85 th Percentile Speed	50 th Percentile Speed	10 mph Pace Speed	Maximum Speed	Minimum Speed
Location #1 Northbound	20 mph	19	23	18	16-25	36	6
Location #1 Southbound	20 mph	20	24	20	16-25	40	6
Location #2 Northbound	20 mph	20	25	20	16-25	35	6
Location #2 Southbound	20 mph	20	26	20	16-25	39	3

Notes:

- 1) Location #1: Tremont Avenue (North of Hawthorne Street)
- 2) Location #2: Tremont Avenue (South of Hawthorne Street)
- 3) 85th percentile speed is the speed at or below which 85% of motorists traveled.
- 4) 50th percentile speed is the speed at or below which 50% of motorists traveled.
- 5) 10 mph pace speed is the range of speeds that the majority of motorists traveled.
- 6) The assumed posted speed limit is 20mph. There is no posted speed limit.

From the speed study summary table, the average speed in both directions of Tremont Avenue is at or below the assumed posted speed limit of 20 mph. There were 1,549 vehicles counted along both directions of Tremont Avenue at Location #1 over the one-week period with an ADT (Average Daily Traffic) of 221 vehicles. There were 1,094 vehicles counted along both directions of Tremont Avenue at Location #2 over the one-week period with an ADT of 156 vehicles.

Recommendation:

The Petition for Traffic Calming Devices was initiated by the adjacent property owners due to the perceived excessive vehicle speeding along Tremont Avenue between Inwood Street and Greenleaf Road. Two (2) speed studies were conducted along both directions of Tremont Avenue over a one-week period (168 continuous hours). The results showed that there is no excessive speeding, and in fact, the average speed was at or below the assumed posted speed limit (20 MPH). The presence of on-street parking along both sides of the roadway acts as a traffic calming feature to assist in slowing down vehicles. ***It is recommended that no further traffic calming devices be implemented at this time.***

Future speed studies can be followed up every 2-3 years, unless otherwise specified due to a significant event.

Subject: Town of Cheverly scheduled spray night notification

This is to notify you that your community/HOA's scheduled spray night is **TUESDAY**. Spray season begins on **May 26th** and is anticipated to end **September 28th**. On your scheduled spray night, spraying will begin after dark and may continue until midnight or later. We do not conduct spray activity during daylight hours. If you see a truck in your community spraying during the day, it is not the State of Maryland.

Spraying will commence as soon as it is dark. As a precaution, we advise residents to stay inside their homes and close their windows while the spray truck is in the vicinity, bring in any pets, and remain in the home for 20-30 minutes until after the spray truck has passed by. If there are people outside when the truck passes by, no spray will be released, and the truck will not make another pass down that street.

The spray schedule will rotate every 3 weeks. This means that your community may or may not be sprayed every 3 weeks. The frequency will be determined by surveillance data collected, and complaints received.

In order to determine if your community will be sprayed on its scheduled spray night, please contact our office on Tuesdays between 2-4 p.m to find out if we are spraying your community that night. We do not know any further in advance if you will be sprayed on any particular Sunday night. You may call or email. See below.

Please contact me if you have any questions.

Thank you,
Stormy

The Maryland Department of Agriculture Mosquito Control has sent additional information to address resident concerns regarding the mosquito control spray harming other insects.

The current pesticide, named Permasease 30-30, is only a concern to other insects when it is used in its concentrated form. The Maryland Department of Agriculture Mosquito Control dilutes the Permasease with a mineral oil. The diluted product that they spray has .0031 pounds of active ingredient

(Permethrin) per acre sprayed. The spray is calibrated to kill soft bodied insects the size of a mosquito or smaller that it comes into contact with when the spray is released into the air. There is no residual. For example, if a bird or other animal eats the dead mosquito, it will not be affected.

The spray begins to break down once it is released into the air. There is no residual impact. For example, if a child or dog licks the sidewalk or eats your grass, there is no impact. The same can be said if they were to eat cicadas that came into contact with the spray when it is released into the air. **An animal or even a human would have to consume so many cicadas (that came in contact with the spray) for there to be an impact, it would be almost impossible for that to happen because the spray is continuously breaking down once it is released into the air.**

Just like if a mosquito landed on the grass or the ground or a leaf on a tree that the spray landed on, it would not impact the mosquito. It must come into contact with the spray in the air. The label for Permasease is in its concentrated form. We dilute it with mineral oil before we spray it. So, it is not being used at full concentration. The label is for use at its full concentration.

According to the Maryland Department of Agriculture Mosquito Control records, the Town of Cheverly has been participating in the spray program since at least 2009.

If you have any more questions please contact Stormy Keyes with the Maryland Department of Agriculture Mosquito Control, by phone at 301-422-5080 or email at stormy.keyes@maryland.gov.

MARYLAND DEPARTMENT OF AGRICULTURE – MOSQUITO CONTROL SECTION

MOSQUITO CONTROL POLICY STATEMENT

OBJECTION TO ADULT MOSQUITO CONTROL

The policy of the Maryland Department of Agriculture regarding an objection to adult mosquito control by truck-mounted ultra low volume (ULV) application of insecticides is as follows:

! An individual may have his/her owned or leased real property and a surrounding buffer up to 300 feet on all sides of the property excluded from ground based ULV adult mosquito control.

! Each individual requesting this exclusion must submit the request in writing to the Maryland Department of Agriculture and provide copies to the appropriate community association or city/town. The request must provide the address of the property to be excluded and must be signed by the owner(s) or leasee(s). This request will be acknowledged in writing by the Department.

! If the number of individual objectors and the location of excluded properties precludes an effective mosquito control adulticide service in a community, the service in that community will be suspended. Service may be reinstated upon the written request of the community and approval by the Department.

! A city/town or community association may request the Department to rescind or modify a spray exclusion zone if the local authority believes the exemption unfairly impacts other residents who desire adult mosquito control service. Requests to rescind or modify spray exclusion requests must be made in writing and delivered to the Secretary of Agriculture.

! The Department periodically will verify the continued occupancy/ownership by objectors of properties excluded from ULV ground spraying to determine if the objection continues.

! In the event of mosquito-borne disease or conditions that threaten public health, the suspension of mosquito adulticide service in an area due to objectors will be discontinued and the full range of mosquito control procedures available will be utilized.

PUBLIC INFORMATION NOTICE:

Your **request for exemption from adult mosquito control services** by the Maryland Department of Agriculture **WILL NOT** be processed unless **ALL** of the information requested has been supplied. You have a right to inspect, amend, or correct this information. Under State Government Article, 10-617, Annotated Code of Maryland, this information may be generally available for public inspection. This information is not routinely shared with state, federal, or local government agencies.

Individuals should direct correspondence regarding this issue to:

Maryland Department of Agriculture
Mosquito Control Section
50 Harry S. Truman Pkwy
Annapolis, MD 21401

REQUEST FOR EXEMPTION FROM ADULT MOSQUITO CONTROL SERVICES

This application must be completed by the individual residing within a community participating in the Mosquito Control Program who wishes to have his/her property excluded from adult mosquito control pesticide applications by truck-mounted ultra low volume (ULV) sprayers. The attached statement entitled "Objection to Adult Mosquito Control" explains the Maryland Department of Agriculture's policy on individual objectors. Please retain it for your files.

Please complete all information below. Please read the "Public Information Notice" on the attached policy statement. Exemptions will not be accepted unless all of the information requested has been supplied. Failure to respond to contact from MDA will result in the voiding of your exception. It is your responsibility to notify MDA should your contact information change. Thank you for your cooperation in this matter.

Please print or type:

Name: _____

Address: _____

City: _____ County: _____ State: _____ Zip: _____

Telephone No. Day: _____

Telephone No. Evening: _____

Email: _____

Name of your Community Association: _____

Name of the Subdivision in which you reside: _____

Signature: _____
(I have read MDA's Adult Mosquito Control Objection Policy)

Your city/town or community association will receive notice of the scheduled night for surveillance and spraying. It is the responsibility of the city/town or community association to notify the residents of the schedule. Spraying will be conducted only if needed and will be done on the same day (as the above mentioned survey) of each week. Please feel free to contact us if you have further questions at:

- St. Mary's County: 301-373-4264/65
- Charles County: 1-888-523-0256
- Baltimore & Harford: 1-877-425-6485
- Prince George's: 301-422-5080
- Central and Western Maryland: 301-422-5080
- Anne Arundel: 410-841-5870
- Queen Anne's: 410-758-0920 ext. 4140
- Eastern Shore: 410-543-6626

Application should be sent to:

Program Supervisor
Mosquito Control Section
50 Harry S. Truman Parkway
Annapolis, MD 21401

A RESOLUTION CONCERNING THE CRAFTSMAN PROPERTY

WHEREAS, the Mayor and Town Council of Cheverly (“Town”), a municipal corporation has been engaged with Craftsman Circle, LLC, (“Craftsman”), owner of land that is developed with an industrial building for which Craftsman is proposing redevelopment of the current space into new building(s); and

WHEREAS, the land is comprised of 11.52 acres, and maintains a street address of 2300 Craftsman Circle, Hyattsville MD, 20781 and is situated within the boundary of the Town of Cheverly, hereinafter the Property; and

WHEREAS, the Property is subject of Covenants and Restrictions relative to certain aspects of its development and operation; and

WHEREAS, Craftsman has proposed a redevelopment that seeks to modify its front entrance and accompanying landscaping at the front entrance and allow outdoor storage in the rear of the Property, all in conformance with the Prince George’s County Code and Zoning Ordinance; and

WHEREAS, subsequent to discussions, the exchange of information and a site visit by its representatives, the Town, on March 8, 2021, unanimously approved the allowance of these modifications for the portion of the Property subject to the Covenants and Restrictions, as expressed below.

NOW, THEREFORE, BE IT RESOLVED the Town supports and that Craftsman is allowed to reduce the existing cul-de-sac entrance to a radius of 70 feet, consistent with County Subtitle 23 requirements.

BE IT FURTHER RESOLVED, the Town supports and that Craftsman is allowed to reduce the landscaping in the area of the newly reconstructed cul-de-sac entrance, consistent with the County Landscape Manual requirements.

BE IT FURTHER RESOLVED, the Town supports and that Craftsman is allowed to provide outside storage in the rear portion of the Property, consistent with County Subtitle 27 requirements, and in addition that any such outside storage be covered on all three sides and, if visible from any existing residential property, its top also be covered.

BE IT FURTHER RESOLVED that this Resolution shall become effective as of the date of its adoption
