

FYI

FOR YOUR INFORMATION by Mayor Mike Callahan

*Call 301-789-8009 to contact the Mayor. The Mayor's door at the Community Center is open to visitors on **Monday evenings** from 7:30 to 9:30 PM, except holidays or if otherwise posted.*

Cheverly Sector Plan Map Amendment: Even though virtually everyone in town is already aware: "I am pleased to announce that the County Council rejected the Cheverly Sector Plan Map Amendment" preserving the green area near Magruder Springs. Outstanding!

Let me be clear, this would have never happened if not for the amazing support from our community. This is a fact! Never has a community had 10% of its population write a letter or postcard on a matter pending before the County Council. Never has a community of 6,300 people turned out over 250 people for a Public Hearing. These numbers are staggering, and the County Council took notice.

Special thanks to everyone who participated, and especially those who stayed home to watch family to allow others participate. As Jolene Ivey mentioned to me, "imagine if the Public Hearing was held in Cheverly?" Yup, we would've needed to hold the meeting on a ball field.

And once again, let me thank the ringleaders who worked their communication magic: Laila Riazzi, Sheila Salo, Dan Smith, Joani and Gabe Horchler, Christal Surowicz and many others.

Hey Mike, Is the town still pursuing acquiring the County Land through the Surplus Property Process? Yes! While the urgency has changed, the town will still continue to pursue this property. The County Surplus Property process is an annual event that usually starts in early summer and ends in fall. We will monitor it carefully.

By the way, we always use the word "acquire" not "purchase". It is our goal to acquire the land but not spend a lot of money. Obviously, we'll have to wait and see how this goes.

NEW HOT TOPIC: ASSESSMENTS: Property Assessments are revised every three years in Maryland. New property assessments are based on recent home sales in the area and include all permitted improvements that have been performed on your home. "Comparable sales" are used to evaluate a home's value is selected based on: proximity, type of home, square footage, number of bed rooms, number of bathrooms, lot size, etc.

This process is automated, so it is possible that some assessments are low, some right on target and some might be high. Of course, the Tax Assessment office makes every attempt to be correct.

Mayor's FYI Continued...

In Prince George's County the average increase in property assessments was 17%, therefore it can be expected that the average increase in Cheverly's will be slightly higher based on the robust real estate market here. However, please understand that percentage increase is not something the Assessment Office considers in an appeal. The Assessment Office only considers comparable sales and of course they will deduct value for any defect in your home.

Should I File an Appeal to My Assessment? Yes! If you have questions about your assessment, please appeal. In speaking with the Assessment Office, they welcome appeals. Additionally, they will not raise your assessment if during the process they determine the assessment should be higher. (of course, they may during the next cycle three years later).

The Deadline for filing an appeal is February 12th, and all of the information needed to file can be found on the back of the Assessment document you received. However, the earlier you file the faster you can get information from the Assessment Office so please don't delay.

Where Can I Get More Information: I teamed up with Susan Pruden to host two public meetings regarding assessments during January. These meetings were well attended and there was much information gleaned from the Tax Assessors Office and your neighbors. Susan has captured all this information, including Sales Data for Cheverly, on her website. <http://athomeincheverly.com/>

Budget Season is Right around the Corner: Please no! Isn't budget season when the Mayor writes long winded articles about how Cheverly receives and spends money, while also droning on about budget strategies? Yup, it's that time! Good news though, I haven't had the time to begin documentation, so this update is brief.

All in all, the Town's financial condition continues to improve. The Town's Fund Balance increased by \$532K and now is at \$3,030K. This places Cheverly in a wonderful financial position and given the potential of land acquisition discussed above ensures our flexibility.

The \$532K net positive for FY17 was driven by increased revenues and continued flat year over year operating spending. Revenues increased by \$834K while expenses driven by capital expenditures grew by \$358K. Kudos continues go to our town staff who continually provide quality service while keeping operating costs constant.

What drove the increase in revenues? Your property taxes contributed only 15% of the increase (\$130K), the rest came from increased income taxes, increased hotel taxes, grants and other sources. This is great news, because as other sources of revenues continue to grow it relieves the pressure on your property taxes.

So yes, the Council will once again consider the Property Tax Rate in the upcoming year as well as ensure we retain funds in the Fund Balance to allow us the flexibility to meet our infrastructure needs.

A Trust Act for Cheverly: The Cheverly Town Council passed the Trust Act in their January 23rd Town meeting after months of deliberation. Passing the trust act seemed very natural for a Town that has been so incredibly supportive of the Syrian and Afghanistan refugee families during the past year. Cheverly has proven that the actions of our citizens reflect the inclusive values of our community. This legislation simply continues to reflect our values.

The Trust Act was introduced by Councilman Ivey and passed unanimously by the Town Council.

Speaking of the 2019 Budget Process: This is the time of year when the Town Council submits Infrastructure Projects to the Capital Improvement List for consideration during the 2019 Budget Process. If you have an idea that you would like considered, please send a note to your council person or the mayor or even both.

HOW DO YOU KNOW IF YOU NEED A HOME SECURITY SURVEY? There are several physical and visual clues that you could lead you to discover if your home is susceptible to a breaking and entering (B&E) or related crime. If you answer no to any of the following questions, you might want to consider having the Cheverly Police conduct a free home security survey. Some of these clues are listed below, followed by a brief explanation of what you can do to reduce the likelihood your home would be targeted.

*Does your home have front and rear exterior lighting that is controlled by a photo-electric cell or similar device?

Lighting controlled by a photo-electric cell, as an add-on to an existing fixture or as part of a new one, ensures that exterior lighting illuminates your property automatically at dusk and turns off automatically at dawn. **Exterior lighting is a positive deterrent against nighttime crime**, especially lighting that can reach the distance to the curb. Daylight LED bulbs should be utilized from the front, because of its brightness and penetrating distance, and Soft White to the rear so as not to disturb neighbors. If you currently utilize motion-detector lighting, ensure that the span of detection is as great as possible and replace spotlight bulbs (traditionally found in these fixtures) with LED or fluorescent alternatives. In most cases, you do not need to hire an electrician to upgrade your lighting. The Department has several examples of these types of bulbs and alternatives and will display them to you during the home security survey.

*Are all exterior doors protected by deadbolts, with a strike plate secured to the door frame with 2 ½ to 3 inch course metal screws?

Take a moment to remove one of the screws attaching the dead-bolt strike plate (not the door knob latch plate) to the door frame. You might be surprised to find these screws are considerably shorter than 3 inches, and as a result, do not penetrate the framing of your home. Without this penetration, the door can be easily kicked open. Door kicks are the #1 method of entry into Cheverly homes. If the strike plate is not attached with long screws, replace this plate with a larger model that also includes a metal pocket the deadbolt sits it when the door is locked. This metal pocket may also contain a separate screw hole making the attachment of this type of strike plate easier and stronger. The Department has several examples of these types of plates and will display them to you during the home security survey.

Future Newsletters will address windows, interior lighting, interior locks or inexpensive alternatives, protecting a garage, and using every day and readily available household items to deter criminal activity. If you have any questions about these clues or any others, please feel free to call me at 301-341-1055.

Cheverly Garden Club - It has been cold, and gardeners have been looking at calendars, garden catalogues, leafless trees and thinking SPRING. It is the anticipation that keeps us gardening. Be careful on the ice and snow for there is lots to do. Our January meeting allowed us to share "conversations with gardens" and it was fun. Our next meeting is February 18, 7:00PM CUMC 7th floor. We plan to have someone from the Chesapeake Bay Foundation. The Plant Sale in May is always on our minds and we plan to share some unusual plants for our buyers. We will have our Hosta, Lily, Vegetable and annuals, etc plus some new plantings for you to add to your gardens. If you are looking at crowded areas, we can help dig and pot and that way you are sharing with neighbors. Remember we can only donate with THE FUNDS we make from our May sale. March 10 is District 1 Awards presentation at the US National Arboretum. June, NCAGC, Inc is offering for \$550 a four-day bus trip to Newport, RI which will include the Newport Garden Show. Please check out ncagardenclubs.org and you will find out more about our STATE and what is offered. Cheverly plans to visit the McWhorters Azalea garden near Gambrills this Spring and in May we are going back to Hillwood. More information will be in future newsletters. Restoring and Renewing Our Urban Landscapes is the focus of a Green Matters Symposium on Friday, February 23rd from 8:00 pm -4:00pm at Silver Spring Civic Center. Call Janet Senft at 301 962 1451 for information. GOLD STAR MOTHERS will be a focus in September and plans are to honor them. HELP us with names, contact a garden club member and the American Legion. WE WOULD LIKE TO SHARE OUR ACTIVITIES WITH YOU AND WE NEED YOU TO HELP US WITH YOUR IDEAS AND BEING PHYSICALLY PRESENT.

Progressive Cheverly

Progressive Cheverly Upcoming Forums: Please joins us Thursday, February 1 for a roundtable discussion and dialogue about how to make Cheverly a truly multi-cultural community, one that is welcoming and open to all. What binds us together as a community, and how can we work to strengthen these bonds? Please come with your ideas and insights.

Following our successful January 26 legislative forum, we will be running a **series of candidates' forums for the important 2018 Maryland and Prince George's County elections, starting Thursday, March 1, with the District 47A candidates for state senate and state delegate.** Here is your chance to hear and meet the candidates who hope to represent us in Annapolis.

Both forums to be held at Hoyer Education Center, 2300 Bellevue Ave, 7pm to 9pm. All are welcome.

Watch for notices of upcoming additional candidates' forums.

Do What You LOVE!

If it's books you LOVE, Cheverly Village members and volunteers are discussing their favorite books every second Wednesday of the month from 2-4 pm in the conference room at Town Hall. Appropriately, this month that falls on February 14th. The book group will discuss *The Immigrants* by Howard Fast for the first hour and will socialize over refreshments afterward. If you'd like to get a head start for the March 14th session, read *The Invention of Wings* by Sue Monk Kidd. Let us know if you are interested but not yet a Village member or volunteer.

If what you *really* LOVE is Scrabble or a good board game, "Let the Games Begin!" The first session for 2018 was held January 23, and the Village will continue to host Scrabble and other games regularly in the afternoon at Town Hall. Check the calendar at cheverlyvillage.org for details.

One of my LOVES is volunteering for Cheverly Village. Meeting interesting neighbors, sharing connections across generations, making life easier for someone, giving a neighbor a ride to a medical appointment, being appreciated, or getting extra exercise as I remove snow as a member of the Snow Brigade: these are just some of the things that enrich my life as a volunteer. If you would like to see whether you LOVE being a Cheverly Village volunteer, sign up to participate in the next Volunteer Training Session:

Cheverly Village Volunteer Training Session

Tuesday, February 13, 6:00 to 8:30 pm

Please apply online at cheverlyvillage.org, under "Volunteer." You will be told the location of the training once it is set. Make it a date, bring your sweetheart and get trained together!

If you would LOVE to keep living in your home in Cheverly but are starting to need some extra help and resources, we want you to talk with us! We LOVE to share our LOVE of Cheverly Village.

Happy Valentine's Day!

Please call or write us to find out how to support the Village as a volunteer, a member, or through your one-time or monthly donations: Village@cheverlyvillage.org

Cheverly Green Infrastructure Committee

February Monthly Meeting

Date: Monday, February 5, 2018

Time: 7:30-9:00 p.m.

**Location: Large Conference Room, Cheverly Community Center
6401 Forest Road, Cheverly**

Monthly meeting to report progress on Cheverly greening efforts and plan next steps and new initiatives. In implementing the Cheverly Green Infrastructure Plan, your Cheverly Green Infrastructure Committee is working on projects in education, planning, and research.

All are welcome to join us! Contact sheila.salo@gmail.com for a copy of the meeting agenda.

A Meadow Comes to Cheverly Right of Way

If you see Pepco contractor trucks mowing in the "Wayne Street" right of way, it will be the beginning of a new meadow in Cheverly.

This is the right of way running from near Magruder Spring to Parkway extended, parallel to route 50 and a stretch of Woodworth Trail. It runs along Wayne Street, a paper street.

In the past Pepco has mowed the right of way about every five years, to make sure trees do not interfere with its power lines. Now, with Pepco, the Town of Cheverly, and the Cheverly Green Infrastructure Committee working together, Pepco will now manage the area as a natural habitat -- a meadow, or low-profile shrub/scrub plant community. That should mean no more mowing in the future.

Meadow management of the right-of-way is among the recommendations of the Cheverly Green Infrastructure Plan adopted by the Town of Cheverly in 2011.

The first stage of the project, scheduled for about the end of January, will be an initial mowing of existing vegetation to one-foot high. This will be the only part of the project to require vehicles. Any further maintenance will be done on foot.

No mowing will take place on the banks of the step pools created at the outfall near Magruder Spring.

What happens next? Each Spring, probably in May, herbicides will be used selectively to suppress the growth of trees which typically grow tall. Invasive shrubs, such as Autumn Olive, will be removed. Vines growing on power-line poles and guy wires will be treated. Pepco will do no planting. Invasive herbaceous plants will generally not be treated.

Cody Hesseltine, Pepco arborist, will supervise the operations. For more detail, a map of the project area, and plant inventories, see www.greencheverly.org.
