## PROFILES OF CANDIDATES FOR WARD 1

**Marverly Nettles**

Hi. I'm Marverly Nettles, your candidate for Town Councilmember for Ward 1. Since moving to Cheverly, I've quickly immersed myself into various organizations. Those organizations have been highlighted during the recent global pandemic and national civil unrest; and both have impacted our community. As the former Leader of

Cheverly Community Emergency Response Team (CERT) from June 2019 until January 2021, it was important to feed the community information pertaining to Preparedness. CERT became instrumental in April 2020 pulling together Food Drives and Food Distributions. In August 2020, I was elected President of Cheverly Police Chief's Advisory Board. As the call for police reform grew, Cheverly Police started rewriting policies, and PCAB took a leadership role in gathering input from the community.

Moving forward, Cheverly will be gaining neighbors in the middle of Ward 1 within 3 years with the redevelopment of Hospital Hill. It's important that we consider all possible avenues and their impact on our community. I look forward to hearing from you and working with the County to achieve Cheverly's vision. Secondly, as we've moved into interacting virtually, it is important for Cheverly to invest in technology, including increased WIFI capabilities. I will advocate for accessibility across the community to ensure "no neighbor is left behind". Thirdly, it is critical for Cheverly to take the lessons learned from the pandemic and the flood and focus on resiliency and sustainability for the community. I plan to lead Cheverly in developing an Emergency Operations Plan to prepare for future disasters and leverage resources available through the County and non-government partners to help our residents in times of trouble.

I ask for your vote on May 3. Together we can accomplish the hard work of building on what makes Cheverly amazing to ensure a bright future for all Cheverly residents. Please visit [www.MarverlyForCheverly.com](http://www.MarverlyForCheverly.com) for more information or contact [marverlyforcheverly@gmail.com](mailto:marverlyforcheverly@gmail.com) for questions or concerns.

## PROFILES OF CANDIDATES FOR WARD 2

**Kate Duis**

Dear neighbors, My name is Kate Duis and I'm eager to serve as the next Ward 2 Councilmember.

I believe everyone has a responsibility to give back and serve our community however we're able. As a non-profit fundraiser, I've done this by raising critical funds for education, international development and

women's health. In Cheverly, I've done this by serving on the Cheverly Community Market board – working to expand the food and nutritional benefits offered to customers and to rethink our operations so the market is a safe place to shop during the pandemic. As your councilmember, I will serve Ward 2 by focusing on:

- **Accessibility** – Councilmembers should be accessible and approachable. I'm committed to providing timely updates, answering your questions, and engaging in respectful dialogue even when we disagree. I'll ask critical questions about how we can reach all residents, ensure everyone feels welcomed and informed, and make engagement on town matters easier.
- **Responsiveness** – This past year has been incredibly difficult for everyone. It has also proved yet again that this community rallies together to find ways to help those in need. While we may be able to relax our COVID protocols later this year, the need to respond and assist our neighbors will persist. I'll work to connect residents to assistance where applicable, promote the work of community groups like Cheverly Village and Cheverly CERT, and, when appropriate, re-examine the role of town government to provide direct support.
- **Solutions-oriented Leadership** - As your councilmember, I'll approach problems in a holistic way – seeking out diverse perspectives from our ward and within the Council to understand the various needs and concerns that exist. I'll drive towards action, not losing sight of the end goal or opportunity. And, I'll do this with a focus on what is in front of us now and what may come next.

I will be a strong voice for Ward 2 residents, and I will work hard to prioritize your needs. To learn more, please visit [www.duisward2.com](http://www.duisward2.com) or email [duisward2@gmail.com](mailto:duisward2@gmail.com).

I look forward to connecting and **thank you for your vote.**

## PROFILES OF CANDIDATES FOR WARD 2

**Micah Watson**

Ward Two, I'm Micah Watson, and I'm asking for your vote by absentee or in person on May 3. My wife and I have lived in Ward 2 since 2002 and are raising our two sons here. I'm active in our Boy Scout Troop and the Sons of the American Legion and I'm a past co-chair of Cheverly Day and Spellman PTA board

member. I'm running for reelection because we still have work to do to make Cheverly the Town that drew us here 18 years ago – a safe, healthy, walkable, community where neighbors know each other and look out for each other. The pandemic and the September flood hit Ward 2 hard, but we are resilient and I've pushed the Town to continue providing you with needed services. Over the past two years, I've secured curb, gutter, sidewalk, and safety improvements and moved us closer to having a hiker-biker trail that connects to our Industrial Park. I keep a careful eye on spending and revenue so that we can weather recessions while paying staff and providing services. We've also improved our police force – I strongly supported hiring Chief Towers and I back his efforts to hire and retain good officers and to improve use-of-force and other policies. If I'm reelected, my top priorities will be remaining accessible and responsive to you; fully restoring Town services to pre-pandemic levels; annexing Hospital Hill into the Town; preventing your Town property taxes from increasing; and ensuring development projects including Hospital Hill are high-quality, add amenities that we want, and minimize traffic and other headaches. Thank you for your consideration, it's a privilege to serve you, and I'd be honored to have your vote by absentee or at Town Hall on May 3.

## PROFILES OF CANDIDATES FOR WARD 3

**Nicole Bryner**

Hello neighbors, Happy Spring! It is my favorite season, one of fresh starts and possibility. Which makes this message a bittersweet one to write.

Mere days after I filed for reelection, I was formally offered a once-in-a-career assignment at my workplace. The details have had to remain confidential until the transition is officially announced later this week, but I can say it is an assignment that will require my full attention. The unfortunate timing of the offer vis-à-vis the town's election calendar, combined with the urgent nature of the assignment, leaves me with two options—to continue to campaign and potentially win the election, knowing that the nature of my work will leave me with little time to devote to Council; or to withdraw now, knowing that any candidate that might want to run for my seat against my current opponent would need to run as a write-in candidate. I am officially withdrawing from the election.

I don't know a lot about the other candidate for the Ward 3 Council seat. Some quick googling leads me to believe that he and I hold very different views about a great number of things. I am not sure how his experience and values might impact our town. I will say it is my sincere hope that a Ward 3 resident will step forward to launch a write-in campaign in order to provide residents with an alternative choice.

I have real, legitimate concerns about the ways in which current leadership is negatively impacting staff morale, intergovernmental relationships, future development opportunities, and authentic equity and inclusion. It is my hope that the council can continue to address these concerns and that their good-faith efforts are understood as such.

To those residents who have supported and encouraged me—I thank you from the bottom of my heart. I'm sorry I can't realize the potential that we know I am capable of as an elected leader, and I hope you won't feel your faith and trust has been misplaced. I acknowledge that I am opting for an easier path, and that my even having this choice is the result of a massive amount of privilege. I own that in this moment, I am choosing my career, family, and own well-being in stepping away from serving my community. One day I may find myself in a position to serve the town again in some capacity. In the meantime I will continue to support the Town of Cheverly as much as I can as a resident.

Sincerely,  
Nicole Bryner  
Councilmember, Ward 3

## PROFILES OF CANDIDATES FOR WARD 3

**Ted McCann**

I moved to Cheverly four years ago after living and working in the Washington, D.C., area for over a decade. I am the vice president of a national non-profit concentrating on improving upward mobility and reducing poverty. I also own a small business and serve as a fellow on Evidence Based Policy at the Bipartisan Policy Center.

I first learned about Cheverly from friends who raved about its friendly community, laid-back culture, and diverse residents. Since we moved to Cheverly, we've had two kids and met hundreds of amazing neighbors. We've commuted with a baby and stroller on the Cheverly Metro, enjoyed the Woodsworth Trail, joined St. Ambrose, and alternated Saturday mornings between Cheese Park, Town Park, and Castle Park. Through it all, we've hosted and gone to countless barbecues at our neighbors' homes and watched our kids develop friendships with our neighbors' kids. I also developed slight headaches on Cheverly Day after discovering yet again that Cheverly Prom should end at least one hour earlier.

I want to be your councilman because I love this community and feel lucky to live here. I want to continue seeking progress and prosperity for all residents through thoughtful, forward-thinking development projects while ensuring our town remains the wonderful community we all know and love. I believe local government works best when we put aside our differences and deliver results on bread-and-butter issues that make our town an even better place to live. These issues include ensuring that you get the best value for your tax dollars, improving town services (such as reinstating twice a week trash pickup and fixing the cheese in Cheese Park), addressing traffic issues, and ensuring local development meets the needs of the people of Cheverly.

## PROFILES OF CANDIDATES FOR WARD 4

## PROFILES OF CANDIDATES FOR WARD 6

**Amy Fry**

Friends,  
My name is Amy Fry and I am seeking re-election for the Office of Council Member for Ward 6 for the Town of Cheverly.  
My family and I have lived in Cheverly for the past 7 years and are proud to call Cheverly "home." Living in a multi-generational household, Cheverly is a wonderful place to raise our family and we are happy to be part of a communi-

ty that has so much to give and to offer.  
Both my husband and I are active members of the community, devoting time to our youth through sports ("Coach Larry" is on the board of Cheverly Boys & Girls Club) and I am a troop Leader for our Girl Scouts Troop. Since being elected in 2019, I have sought to learn and engage more through memberships in the Cheverly American Legion Auxiliary Post 108, organizing events and volunteering with Cheverly Community Emergency Resource Team (CERT), and becoming a volunteer with the Cheverly Village.

I am an attorney by profession while operating a side business as a cookier, baking and decorating cookies, and teaching group fitness class (virtually since the pandemic). I have a JD from the Indiana University Maurer School of Law and a MA in International Studies from Claremont Graduate University. I am a 2<sup>nd</sup> generation Korean American and take pride in the fact that I am the first Asian American (and hopefully not the last) on our Cheverly Town Council.

During my time on council, I am proud to say I co-lead our Cheverly Census Complete Count Committee, which resulted in a 78.9% self-response rate; higher than that of our county and state, co-organized our 2020 Cheverly Angel Tree, voted affirmatively on measures to strengthen inclusion, increase voter participation, and providing relief to our community while also advocating for infrastructure improvements throughout town.

I have focused on increasing Ward 6 engagement and have sought ways to communicate effectively with our neighbors. I am active on my Ward 6 Facebook Council page and send regular newsletters regarding town business and issues facing our community. Outreach and responsiveness have always been particularly important to me and I have done my best to ensure that I have remained accessible to all my neighbors, even during a pandemic.

If re-elected, I promise to continue my commitment to boost participation in Ward 6 and beyond, to increase efforts for inclusion and accessibility for all, and to work towards collaboration on the Council and in the county as we work towards economic development in and outside our town.

I humbly ask for your support and your vote on May 3, 2021 to remain as your Ward 6 Council Member.
