MAYOR'S CORNER

Pushing back on COVID-19 fatigue—the risk is real, and we need to protect each other.

COVID-19 has separated us from those we love for so long. Despite the almost irresistible desire to gather, in our homes or around the Yule log at a Town celebration—we have to value each other's lives enough to innovate ways to **stay physically protected and socially connected**. As I write the Mayor's Corner, the CDC has announced that more than 1 million COVID-19 cases were reported in the United States over the last seven days (<https://www.cdc.gov/coronavirus/2019-nCoV/index.html>). In Prince George's County, we have had an over 50% increase in the number of new cases and deaths in the week ending with 11/14. I am not alarmist when I say that I expect the numbers to grow over the next month—and numbers mean lives. I encourage us to look to our neighbors and notice how they are doing and see who needs assistance. Where would a letter drop let someone know they are seen and loved? Where would running an errand and a safe drop-off create a connection? I promise to continue to look for no-contact options to celebrate as a community and welcome your ideas and initiatives. This is where Cheverly can demonstrate the best of what community does for each other. Stay safe and be well.

Find out if you might have been exposed to COVID-19 while preserving your privacy!

On November 10, the Maryland Department of Health (MDH) announced MD COVID Alert, the official COVID-19 Exposure Notifications System for Maryland, available at no cost.

1. If you have an Android, download at <https://bit.ly/AndroidMDCOVIDAlert>
2. If you have an iPhone, opt-in to Exposure Notifications in your device Settings.
3. Visit covidlink.maryland.gov/mdcovidalert/ for more information.

Add your phone to stop the spread. Fight COVID-19.

This system enhances contact tracing efforts by notifying users if they have likely been exposed to COVID-19, allowing them to seek timely medical attention and help protect the people they have come in contact with, including those they might not know directly. **MD COVID Alert was specifically designed to protect the privacy and personal information of users.** Users remain anonymous, their location is never tracked, and no data is collected from their smartphones. Using Bluetooth technology, the system can detect if two devices are near each other without revealing where the devices are or who they belong to.

Non-Citizen Voting Charter Amendment passes and new Election Charter Amendment.

Once in effect, this charter amendment will extend the opportunity for non-citizens to register to vote in municipal elections and allow for creating a supplementary voter list. The requirement that one's primary residence is in the Town for more than thirty (30) days continues to apply to anyone seeking to register to vote in Cheverly municipal elections. Next, Mayor and Council are considering a Charter Amendment that will expand the number of Board of Election Supervisors and allow for mail-in balloting, same-day registration, and an additional (early) day of voting. The Charter Amendment Resolution will involve a three (3) reader process, include public comment, and will proceed to a vote in our February Town Meeting.

The Craftsman Building site has a new owner and developer—do I hear bike trail?!

I love good news! The easement for a bike trail to pass through the former Craftsman property is a go! Atapco, the new owners and developers of the former Craftsman printing press site, supported our request and are working through the specifics. Cheverly will hold the easement. This brings us a step closer to a bike trail. Atapco is planning a new warehouse/distribution build. This use is not what our community imagined for this space, but it is permitted under the current zoning. We are drawing attention to traffic volume and routing concerns. Looking past this disappointment, I see an opportunity to have a good neighbor relationship with Atapco. I appreciate their early commitment to working with our Cheverly Planning Board (CPB) and Green Infrastructure Committee (GIC), starting with an initial meeting in early December.

All the pretty sidewalks and a budget amendment to get more for less.

The Town has prioritized sidewalk repairs throughout Town in this budget year. Public Works Director Brayman came before Mayor and Council to seek a budget amendment to extend sidewalk work at the current advantageous contract rate of \$6 a square foot, as the new contract rate will increase to \$9 a square foot. Mayor and Council unanimously approved an additional \$200,000 against our fund balance, as this will support other much-needed repairs. In addition to the budget adjustment to extend sidewalk repairs, the Town is applying for CDGB funds to install new sidewalks on 57th Ave. and Newton St., both dangerous high-traffic areas that threaten pedestrian safety. All repairs and installations incorporate accessibility features.

Update on Storm Drains and the September 10 flooding.

Town Administrator Galloway, Public Works Director, Mr. Brayman, and I secured a meeting with the County Department of Public Works and Transportation (DPW&T) and the County Department of the Environment (DoE) at the end of October. In that meeting, we outlined our concerns following the September 10 flooding in Town and drew focus to each area where the stormwater management systems proved inadequate to the need. We shared that the inadequacies resulted in extensive damage to residents' homes and that the severity of the flooding was life-threatening, requiring rescues from vehicles and homes. We have requested information on the ratings (5, 10, 15yr flood) of storm drains in Cheverly and to resolve any mapping discrepancies of the storm drain systems throughout the Town. We also requested a specific assessment of maintenance issues and a presentation on the storm drain systems, expected vs. designed function, and available DPW&T and DoE support and timelines.

The truth is that we face an extended timeline for any significant work or redesign of County stormwater management systems. I was explicitly reminded of this in our most recent conversation with the County. Equally true, the timeline isn't getting any shorter, so we need to engage now. The effects of climate change on our Town will require a multilayered response, and the County storm drain systems are only part of the challenge. We will need to work within neighbor groups to hold, slow down, and otherwise manage water across our private properties.

I say all of this to request your support when it comes to our FY22 budget conversations. This work is expensive and essential. We must prioritize setting aside funding to bring in an engineer with the experience and mindset to advise the Town and work with community on approaches to sustainably address public and private property water woes throughout the Town. We will also need to dedicate Town funds and seek grant opportunities to implement these projects.

Stay engaged and keep in touch.

As always, and especially during this time, please reach out. I am almost always available by text or call at 202-258-6167, and you can email me at mayor@cheverly-md.gov. I welcome your call and will do my best to address your concerns or get back to you with information. If you are ever in a situation where you do not hear back from me, please do reach out again or call the Town office, 301-773-8360, so that I can ensure that we connect. Thank you to those who join us at work sessions and meetings. I encourage your continued involvement by video and phone. It feels good to have community in the room, even if it is virtual.

Be Cheverly inspired.

Utility shutoffs are beginning – you have rights and need to take action now!

The Maryland Public Service Commission (PSC) prohibition on residential utility service shutoffs of WSSC, Washington Gas, Pepco, and landlines ends November 15, 2020.**

PLEASE DO NOT DELAY! Reach out for assistance NOW to avoid utility shutoffs!

- Residential customers in arrears have 45 days from receipt of a notice to work out a payment plan with their utility or to apply for energy assistance programs.
- Customers who take either action will not have service disconnected.
- Utilities must offer a minimum payment plan of 12 months (or 24 months for those customers receiving energy assistance from the Office of Home Energy Programs).
- Utilities cannot require a down payment or deposit as a condition of beginning a payment plan for any residential customer, including both current and new customers.

Programs are available to assist with bill payment, and those who are facing termination have certain rights. Customers behind on their bills and facing a shutoff should first contact their utility to ask about extended payment plans, budget billing, or other measures to avoid service termination. If all of this is confusing and you need help, please call or email me, and I will assist in connecting you.

**Mobile phone, internet, and VOIP are not protected

from termination (shutoff); however, **if you have a student in PGCPs, Wi-Fi assistance continues to be available!** PGCPs is covering the cost of the Comcast Internet Essentials program, which provides affordable high-speed internet at home for families eligible for free and reduced-price meals (FARMS). Non-FARMS families may obtain a Verizon hotspot for home internet access. Please make a request through your school or by calling the PGCPs Distance Learning Hotline at 240-696-6229, Monday through Friday, from 9 AM to 5 PM.

If you are on a fixed income, unemployed or underemployed, or a low-wage worker, you are encouraged to apply for energy assistance. Visit these sites for information:

THE TOWN: NEWS & ANNOUNCEMENTS

NOTICE OF PUBLIC HEARING
DECEMBER 10, 2020
AT 7:00 PM VIA ZOOM

The Mayor and Town Council have received and reviewed the Petition Request for have a traffic analysis at the intersection of Lockwood Road and Crest Avenue.

Also, included is that section of the Town Code that describes the procedures to be utilized during the processing of the request. If you have any questions, please feel free to contact the Town Offices at 301-773-8360.

(d) Procedures for public hearing on traffic calming petitions:

(1) Conduct of public hearing:

- a. After having been notified by the town clerk that a valid petition has been received, the mayor will schedule a public hearing to solicit the opinions of the entire neighborhood and the town at large.
- b. The town clerk shall send notice of the public hearing to all residents of the street, or block as the case may be, which is proposed to receive speed hump action, and to the local neigh-

borhood citizen association. The public hearing shall be advertised in the Cheverly Newsletter.

c. After conducting the public hearing and declaring the hearing record closed, the mayor and council shall announce its decision within fifteen (15) days of the close of the hearing record. Under extraordinary circumstances, this time limit may be extended by majority vote of the council.

d. The mayor and council may approve, approve with modifications, or deny the requested speed hump installation.

e. The town clerk shall notify the petitioners, and their neighborhood or civic association of the mayor and council's decision, which shall also be published in the Cheverly Newsletter.

(2) Guidelines for evaluating public hearing. The following criteria are intended to guide the mayor and council in determining whether a request for speed hump action is reasonable and justified. These shall not be considered exclusive criteria:

- a. The street proposed for a speed hump installation has an identified speeding problem which cannot be alleviated in any other reasonable way than by a speed hump installation. Such

THE TOWN: NEWS & ANNOUNCEMENTS

a problem can be identified through a combination of resident complaints, police radar surveillance and ticketing practices, accident statistics, or history of previous efforts to control speeding on the street.

b. The street carries a higher volume of nonresidential traffic than would normally be expected.

c. The street has not been identified and is not used by the fire departments serving Cheverly as the primary fire and rescue route into Cheverly.

d. The installation of speed humps be assessed for their potential impact on public transportation.

e. The potential impact of speed humps on adjacent neighborhoods be assessed.

f. A technical study provided by the director of public works commenting on any hill, curve or street conditions of concern in the placement of the desired hump(s) will be assessed.

Meeting Agendas are updated on the website: www.cheverly-md.gov and virtual meeting information will be posted online in News & Announcements. If you have questions, please call the Town Hall.

Town Meeting broadcast LIVE on Cable 71 & Fios 35. Re-broadcast every day at 12:00 noon, 6:00 pm and 10:00 pm.

Online Reporting

In response to the COVID-19 pandemic, the department implemented an online reporting system for some non-emergency calls for service. These calls include auto tampering, destruction of property/property damage, lost property, theft from autos, and certain other thefts that don't rise to the level of burglary. Residents are encouraged to utilize this system, in lieu of the non-emergency number, for incidents that meet the requirements.

The online portal can be found here:

<https://www.cheverly-md.gov/police-department/webforms/cheverly-police-department-online-report-submittal>

Once completed, the reports can be obtained, by request, via reports@cheverlypolice.org. Call from one of our officers to either gather further information, or to provide the respective case number. Once completed, the reports can be obtained, by request, via reports@cheverlypolice.org.

Report Requests

All reports can be requested, via email, at reports@cheverlypolice.org. When submitting your request, please include as much information as possible, that pertains to the report. In addition, for identification purposes, a photocopy of the requesting party's ID will need to accompany the request. In response to the state of emergency, all fees associated with report requests have been waived.

Tips@cheverlypolice.org

Tips@cheverlypolice.org is an email address that residents can use to send non-emergency tips or information to the department. Our investigators are constantly working to investigate criminal cases in which our residents have been victimized. If you have, or believe you have, information, photographs, or video that could assist the department, and you don't want to call, please send us an email. If you see someone in immediate danger, or a crime being committed, dial 911.

Cheverly's Mass Notification System is here! CodeRED allows residents to receive emergency alerts via text, email, or phone call. Upon signing up for the service, users can create a Managed Account, which allows the user to create a username and password and control the following:

1. Types of alerts received:
 - a. Emergency Alerts (Mandatory)
 - b. General Alerts (Optional)
 - c. Weather Alerts (Optional, as provided by the National Weather Service)
2. Method alerts are received:
 - a. Via text message
 - b. Via email
 - c. Via phone call

Users can also perform a Quick signup however, doing so would require the user to call CodeRED's customer service line in order to make any changes to the account.

Users are required to have either a residential or business address, within the Cheverly limits, in order to sign up for an account. The system supports multiple addresses, phone numbers, and emails.

In order to start receiving alerts, residents can sign up using any of the following ways:

By going to the Police Department's website and clicking on 

By going to <https://public.coderedweb.com/CNE/en-US/BF05350699FE>

By scanning the following QR code with your smart phone or tablet:

Anyone who would like assistance signing up for alerts can call the department at 301-341-1055, to schedule an appointment.

Cheverly's Boy Scout Troop 257

Looking for outdoor activities for your sons since fall sports have been cancelled? Cheverly's Boy Scout Troop 257 offers a safe, socially distanced way for teens to get outdoors, challenge themselves and learn about service to their communities. Troop 257 gathers a friendly and diverse group of boys from across Prince George's county. We will also begin studying the intrepid efforts of Harriet Tubman to free slaves--right in this area--as an example of leadership and Scouting Skills, part of our commitment to racial equality and American Heritage. We'll wrap up the year in December with an orienteering expedition--and our annual firewood sales. Interested? Contact Caroline Jarboe via text at 301-404-9693 or at caroline.jarboe@yahoo.com.

Cheverly Day

WATCH THIS SPACE CHEVERLY DAY 2021 PARADE

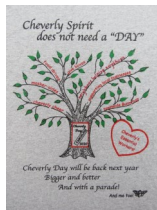

The Cheverly Day Team is working on Cheverly Day 2021 -- the 90th anniversary. That means it's a parade year.

The parade is nothing without the creative people of Cheverly. Remember the synchronized lawnmowers? The Fairies? The clowns? The bands? The pompom teams?

Lets face it, we'll all be hunkered down this winter so get those creative juices flowing and start planning your parade entry. Since we don't know what will be happening on May 15, keep social distancing in mind.

Girl Scouts, Boy Scouts, town organizations, sports teams, church groups and neighborhoods, get a little crazy and help make the 90th anniversary one to remember.

And, don't forget, Cheverly Day 2020 t-shirts make wonderful Christmas gifts. Order with this link: <http://www.cheverlyday.org/2020/2020-t-shirt/> Sizes: Adult S M L XL \$10 2XL \$12 Free delivery available in Cheverly.

St. Ambrose School

St. Ambrose School is accepting applications for the 2021-2022 school year.

Please contact the office at (301)773-0223 if you would like to make an appointment for a tour.

Please visit us at sascheverly.org for more information about our school.

The **Cheverly Garden Club** will be having a Zoom social meeting on Monday, December 14th at 7:00 pm. Details will be sent to Garden Club members. If you wish to join the meeting, e-mail your name and street address to CheverlyGardenClub@verizon.net by December 12th. We hope to have a featured guest speaker for our January Zoom meeting scheduled for Monday, January 18, 2021. Remember to **Leave your Leaves**. Leaves left in garden beds provide habitat for caterpillars and other insects over the winter. Don't leave your leaves on the grass as they will cut off sunlight and smother the grass blades. You can always shred them with your lawnmower to add nutrients to the lawn. Trim perennial stems about 12 inches from the ground. Stem centers provide places for native bees to overwinter. The Cheverly Garden Club's Life-Long Learning Grant is still taking applications. If you are interested in gardening, flowers, environmental issues, programs, and workshops to further your education, apply for one of our Lifelong Learning Grants. The maximum award is \$500. You can apply if you are 18 years old or older, reside in Cheverly or are a full-time employee of the Town. Grant applications are available by email. December 15th is the annual deadline for applications. For further information, please email Kay Holloway at kay_holloway@hotmail.com. *Stay healthy, stay hydrated, and enjoy the Holidays!*

Cheverly African American Community Organization

CAACO would like to thank the Cheverly community for supporting our efforts this year. This year has been an unique experience for everyone. We have learned how to respect, share, help, encourage, support, love and have patience for one another. We have experienced that working together yields positive benefits for all. There will always be work to do to make this world a better living space. Challenge your creativity!

As the holiday's approach wishing all that is meaningful and brings you love and heart felt happiness, be yours this Season and throughout the New Year!

Cheverly Village

Fun events, Village elves, and a sleigh ride?

Cheverly Village's website is a stocking full of delights: beautiful concerts, compelling documentaries, and opportunities to enjoy good company. While a few events are just for Village members and volunteers, most are open to the community. Check them out at cheverlyvillage.org, "Events."

Recent events have included an introduction to online banking for older adults; the African American Forum on Memory Loss; BINGO Online; Yoga for Healthy Aging; a documentary about gerrymandering; Michael Lavine performing songs from Tin Pan Alley; concerts by the Washington Bach Consort; and the varied music of the annual Interfaith Concert "Kindness Starts Here."

What's coming up? Lots—including the romantic comedy, "While You Were Sleeping," "Free the Vote," a documentary about the right to vote of incarcerated persons; a program that traces the botanical origins of some winter holiday traditions; and, of course, recurring events including the monthly Book Club, the weekly Virtual Social Hour, and the twice-monthly "Coffee Chats" and "Tea and Tech" sessions. The rest of December's events will be your surprise.

Most of these events are offered on Zoom. Village members who need help registering for an event or learning to use Zoom should let the Coordinator know. Village elves may even be able to help you find an affordable tablet or computer.

Members can request the help of volunteer elves for many sorts of tasks, whether to hang a sprig of mistletoe, to pick up a prescription, to clear snow from the front steps, or to explain how to use a new smartphone. Similarly, members can call on a Village

sleigh when they need a ride. Ho, ho, ho!

Consider giving yourself or a loved one the gift of a Cheverly Village membership this season. Membership fees are on a sliding scale to keep them affordable for all.

To find out how to be a member, a volunteer, or a supporter of Cheverly Village, reach us at www.cheverlyvillage.org, 240-770-1033, or village@cheverlyvillage.org.

Cheverly CERT

This is the Season that we'll be using heating devices and methods inside the home... we are including some tips from ready.gov below:

Portable Space Heaters

- Keep combustible objects at least three feet away from portable heating devices.
- Buy only heaters evaluated by a nationally recognized laboratory, such as Underwriters Laboratories (UL).
- Check to make the portable heater has a thermostat control mechanism and will switch off automatically if the heater falls over.
- Only use crystal clear K-1 kerosene in kerosene heaters. Never overfill it. Use the heater in a well-ventilated room.

Fireplaces and Woodstoves

- Inspect and clean woodstove pipes and chimneys annually and check monthly for damage or obstructions.
- Use a fireplace screen heavy enough to stop rolling logs and big enough to cover the entire opening of the fireplace to catch flying sparks.
- Make sure the fire is completely out before leaving the house or going to bed.

In the event of a fire, remember that every second counts. Escape plans help you get out of your home quickly. Twice each year, practice your home fire escape plan. Some tips to consider when preparing this plan include:

- Find two ways to get out of each room in the event the primary way is blocked by fire or smoke.
- Make sure that windows are not stuck, screens can be taken out quickly and that security bars can be properly opened.
- Practice feeling your way out of the house in the dark or with your eyes closed.
- Teach children not to hide from firefighters.

The Air We Breathe

What is the quality of the air we breathe in Cheverly?
How does air quality affect your health?

Join the Town Meeting on December 10th

You've been hearing about Cheverly's Air Quality Monitoring (AQM) project with the University of Maryland. Find out more about the project directly from the University of Maryland team at the December 10th Town Meeting, 8:00 PM on Zoom.

You can participate in the Air Quality Monitoring project. Here's how:

Join the Community Advisory Board.

The Air Quality Monitoring Community Advisory Board will help guide the Public Health component of the project. The University of Maryland will provide training for folks to use the AQM information and share their knowledge with neighbors. We're hoping for two or three people from different sections of Cheverly especially affected by nearby air pollution sources — the industrial zones south and west of town, and traffic (especially truck traffic) on Rt 50, Rt 202 and the BW Parkway — to contribute about an hour a month for meetings with the UMD team.

Host an air quality sensor outside your home

We are also seeking volunteers to host the Purple Air units outside their homes. Volunteers will provide low level electrical and Wi-Fi access at sites near heavy traffic locations.

If you know people in town who might be interested, for the Board and/or to host sensors, please contact Karen Moe (301-341-9448) for details. This could be a terrific Citizen Science activity for residents, including parents interested in involving their kids! We hope to focus on community training and the benefits of using our evolving AQM system after the holidays.

Follow pollution levels in real time

Did you know that you can follow the air quality monitors right on the Green Infrastructure Committee website? Monitors at Town Hall and the pool are now streaming data to the map at www.greencheverly.org.

Town Park Reimagined

The Cheverly Green Infrastructure Committee and many Cheverly residents have contributed to redesigning Town Park. The conceptual design has been completed by the Low Impact Development Center. The new design incorporates ADA accessible features, a larger playground, and native garden areas, in addition to addressing some long-standing erosion issues. You can view the LIDC report at www.greencheverly.org.

6301 Kilmer Park

The Cheverly Green Infrastructure Committee and Cheverly citizens have also been contributing to plans for the new park at 6301 Kilmer. The Neighborhood Design Center ran a survey on how Cheverly envisions the park, and you can view the survey results at www.greencheverly.org.

DO YOU WANT TO LEARN HOW AIR POLLUTION IS AFFECTING HUMAN HEALTH?

HELP FIGHT AIR POLLUTION IN CHEVERLY!

The Town Council of Cheverly and researchers at the University of Maryland School of Public Health are creating a Community-University Partnership with the goal of establishing a local air monitoring network to gather data on pollution in our town.

Cheverly American Legion Post 108

American Legion Beyond Cheverly - One of Maryland's oldest living veterans (WWII) told me before the pandemic started, "war is hell." The tone in which he said it was the most important part of those three words. As veterans, we know the tolls of war and should be the most ardent advocates against pain and suffering. While Cheverly American Legion is refocusing much of our efforts

on supporting local veterans and the community, we also hope to leverage our relationships with our uniquely situated community to influence meaningful change in Washington, DC. Our own Cheverly resident and past Commander Steven Brennan is helping guide our organizational voice to Congress and the Executive Branch. Steve is leading the drive to refocus the American Legion's priorities to advocate for international political change through political, social and economic means, rather than military means.

Become a Member - Current or former servicemembers with at least one day in the armed services and still in the military or being honorably discharged are eligible to join. Family members of an eligible servicemember may join too. Email CheverlyAmericanLegion@gmail.com for more information.

Police Chief's Advisory Board PCAB

The Police Chief's Advisory Board is currently reviewing certain policies in our Police Department's General Orders. We would like to collaborate with the community at large on this effort. The next policy up for review is Stop & Frisk (Volume 2 [CHAPTER 26: Field Interviews \(Terry Stops & Terry Frisks\)](#)). Join us with your questions and comments on the policy as written and recommendations for changes to present to Chief Towers. The conversation will start at 7pm and last an hour. In order to promote candor, the session will not be recorded and Town employees have agreed to not attend in order to provide space for residents until the full meeting begins at 8pm.

Please email us at cheverlypcab@gmail.com if you would like to join the working group to work through this policy and/or want to submit questions/concerns/comments/recommendations outside of the meeting.

The PCAB Youth Committee is currently hard at work preparing fun, virtual social events for children, teens, and young adults in Cheverly. Keep an eye out for an upcoming event invitation, particularly if you are a fan of music and pop culture. We are also looking to collaborate with any of the youth groups and clubs in town, and would love to hear from you if interested. Please feel free to contact us at CheverlyPCAB@gmail.com with any questions or suggestions.
