## MAYOR'S CORNER

**Welcome to 2021 Cheverly neighbors and friends—coming together for good.**

Thank you, Cheverly, for being there for each other in this past year, for your compassion, your affirmation of the inherent dignity and lived experiences of your neighbors, and your continued willingness to do the hard work of creating community. Many of us in Cheverly faced life-altering loss, trauma, and setbacks in this past year, and we are still in the midst of our grief. As a Town and a community, what can we bring forward in this next year? I believe that we can tap into Cheverly's heart and strength to support each other in healing and recovery in 2021. In the year ahead, I also believe that we can be deliberate in supporting excellence, equity, and inclusion in the operation of our Town, celebrating the beautiful diversity of our community, and, together, creating an enduring sense of belonging for all who call Cheverly home. In January, let's make a point to seek out those we haven't seen in a while and tell them they matter.

**Staying safe into the new year and a vaccine distribution plan—This is Not Over!**

The COVID-19 death toll has now surpassed 300,000. Spikes in infections following the Thanksgiving holiday, and we will soon see how our travel and gathering behaviors over the December holidays affected our infection rates. As the vaccine roll-out takes shape, you should be able to track the most up-to-date information via this link <https://www.princegeorgescountymd.gov/3730/COVID-19-Vaccination>. Please continue to protect each other throughout the months ahead by correctly wearing a mask to fully cover your mouth and nose. In the immediate, we are in a race against time to address the health and economic effects of COVID-19. We face increased hospitalizations and deaths in our County, fatigue and impatience with continued restrictions, and an extraordinary level of unemployment, and food and housing insecurity. If you or someone you know is in need, please do not stay silent! Reach out, and I will do my best to connect you with available resources and supports. Staying physically protected and socially connected is what will keep us well until enough of us are vaccinated to keep us safe.

**Consider sending a complement to our Town staff—serving in the time of COVID-19.**

Have you noticed the work of our Town staff and want to offer a shout out? I encourage you to join me in doing so. Our Town Administrator, Department Heads and Staff have continued to be adaptable to the changing conditions of COVID-19, budget realities, and outside-the-box requests to support the community good. We may not always witness their activities, but we all enjoy the results of their work. I am thankful for the work they have done under the tough circumstances of this past year and grateful for their level of professionalism and commitment.

**Adopted—Resolution in Support of Black Lives**

At Cheverly's December Town Meeting, CM Ward Four, Kayce Munyeneh, introduced a motion to adopt a Resolution in Support of Black Lives. CM Ward Five, Jennifer Garcia, seconded the motion. The Resolution in Support of Black Lives was adopted with full support and gratitude for the coordinated efforts and leadership of CM Munyeneh in its formation. The Mayor and Council also expressed their collective responsibility to bring words into action. The resolution became effective immediately upon adoption. The text of the resolution is here: <https://www.cheverly-md.gov/home/news/adopted-resolution-support-black-lives>.

**Odors and Booms, oh my!—how to report, air quality project, and next steps.**

We need your help in logging extreme noise (booms) and foul odor incidents. Your first-hand reports help us establish a record of nuisance complaints. This reporting may also reveal any possible connections to specific industrial operations and connect data from our hyperlocal air quality monitors as we continue to install them throughout the Town. For odors, I, again encourage

you to help bring greater attention to the situation by calling the MDE (Maryland Department of the Environment) complaint line (410-537-3215) and following the prompts to report any significant odor in your area. For booms, please follow this link <https://forms.gle/kvVWwE2a3wrtSoZv5> to report the incident via a google form. Note! Reports of the same incident from multiple individuals who personally experienced/observed a boom or foul odor is helpful, so please don't only rely on others reporting!

### **Our Public Works facilities—a special presentation on the scoping phase of the project.**

As I understand, "scoping" is the phase in the Project Development process that moves a recognized problem from an idea to the development of alternatives and preliminary screening of the situation for challenges. We have to continue moving forward on the construction of a new Public Works facilities. We are planning a special meeting in January focused on the scoping study results and next steps in the design and construction process.

### **Redevelopment of Hospital Hill—your participation is critical!**

The University of Maryland Prince George's Hospital Center is scheduled to relocate this spring. The County is prioritizing the redevelopment of this property into a premier housing/hotel / retail site. People are often surprised to learn that the properties that make up the Hospital Complex are not actually within the Town of Cheverly. Yet, this is the most-critical development matter to come before Cheverly in decades. I am committed to making sure that residents are informed and empowered and that Cheverly is a full partner in this process. I look forward to sharing the extraordinary opportunity that Cheverly offers with prospective developers and extending an invitation that we directly partner in the development process.

### **We have a homework assignment—the Greater Cheverly Sector Plan.**

I'm asking that everyone check out the Greater Cheverly Sector Plan, our Cheverly Green Infrastructure Plan, and Envision Cheverly via the links and QR codes below to remind ourselves of the incredible work that we have done to express our vision as a community. Look for News and Announcements of a community session to review the Greater Cheverly Sector Plan results and how this work connects to the current development picture in and around Cheverly.

### **Community Process for redesigning our Town Seal—simple, appropriate, memorable.**

How would you like to play a role in shaping how our Town visually presents itself to the world? Many of you are already aware that the Town seal was removed from Town use due to its featuring of a plantation house, Mt. Hope. In this 90th year of Cheverly, we have an opportunity to design a seal that puts forward our image of our community. This opportunity is also an intriguing challenge, as the best seals are simple, meaningful, and memorable. A Town seal also needs to be infinitely scalable and responsive (meaning that it can change in size, complexity, etc., to serve space and need). I hope to offer a proposal for a public survey and design process that solicits ideas from across our

community, captures our youth's talents, and delivers a locally sourced, professionally executed product. Be thinking of what speaks to you—nature, community, heritage, history, values, or other characteristics visually depict our Town.

### **Stay engaged and keep in touch.**

As always, and especially during this time, please reach out. I am almost always available by text or call at 202-258-6167, and you can email me at [mayor@cheverly-md.gov](mailto:mayor@cheverly-md.gov). I welcome your call and will do my best to address your concerns or get back to you with information. If you are ever in a situation where you do not hear back from me, please do reach out again or call the Town office, 301-773-8360, so that I can ensure that we connect. Thank you to those who join us at work sessions and meetings. I encourage your continued involvement by video and phone. It feels good to have community in the room, even if it is virtual.

### **Be Cheverly inspired.**

### **Find out if you might have been exposed to COVID-19 while preserving your privacy!**

On November 10, the Maryland Department of Health (MDH) announced MD COVID Alert, the official COVID-19 Exposure Notifications System for Maryland, available at no cost.

1. If you have an Android, download at <https://bit.ly/AndroidMDCOVIDAlert>
2. If you have an iPhone, opt-in to Exposure Notifications in your device Settings.
3. Visit [covidlink.maryland.gov/mdcovidalert/](http://covidlink.maryland.gov/mdcovidalert/) for more information.

Add your phone to stop the spread. Fight COVID-19.

### **Utility shutoffs are beginning – you have rights and need to take action now!**

The Maryland Public Service Commission (PSC) prohibition on residential utility service shutoffs of WSSC, Washington Gas, Pepco, and landlines ended on November 15, 2020.\*\*

### **PLEASE DO NOT DELAY! Reach out for assistance NOW to avoid utility shutoffs!**

- Residential customers in arrears have 45 days from receipt of a notice to work out a payment plan with their utility or to apply for energy assistance programs.
- Customers who take either action will not have service disconnected.
- Utilities must offer a minimum payment plan of 12 months (or 24 months for those customers receiving energy assistance from the Office of Home Energy Programs).
- Utilities cannot require a down payment or deposit as a condition of beginning a payment plan for any residential customer, including both current and new customers.

**Programs are available to assist with bill payment, and those who are facing termination have certain rights.** Customers behind on their bills and facing a shutoff should first contact their utility to ask about extended payment plans, budget billing, or other measures to avoid service termination. If all of this is confusing and you need help, please call or email me, and I will assist in connecting you.

**\*\*Mobile phone, internet, and VOIP are not protected from termination (shutoff); however, if you have a student in PGCPs, WiFi assistance continues to be available!** PGCPs is covering the cost of the Comcast Internet Essentials program, which provides affordable high-speed internet at home for families eligible for free and reduced-price meals (FARMS). Non-FARMS families may obtain a Verizon hotspot for home internet access. Please make a request through your school or by calling the PGCPs Distance Learning Hotline at 240-696-6229, Monday through Friday, from 9 AM to 5 PM.

In an effort to keep our Town connected during this pandemic we are including upcoming events in this Newsletter. Please note we may need to cancel these events due to ongoing changes and updates with COVID-19.

#### **COVID-19 Scams as Vaccines are Distributed**

The coronavirus vaccine is now available in the U.S. and as wearily long for a path back to normal life, criminals are waiting, too, ready to use that desperation to their advantage. Homeland Security investigators are working with dozens of drug companies to identify scams. Over the last year, law enforcement has seen plenty of scams ranging from phony personal protective equipment, false cures and extortion schemes. With the Vaccine now available, it is important that we are aware of the potential scams that come with it. Keep an eye out for scam calls, text messages, and solicitors offering you quick or easy access to the vaccine. Please do not purchase any kind of coronavirus vaccine or treatment on the internet or from any online pharmacy.

#### **Use of Force Policy**

The draft Use of Force Policy is now available on our website at [CheverlyPolice.org](http://CheverlyPolice.org), Cheverly Police Department's Facebook page, and has been disseminated via News and Announcements. Our consultant, Ms. Ganesha Martin has diligently worked to draft and stage a new Use of Force Policy. She will host a community discussion sometime in late January or early February. Please keep an eye out for an update as the time comes. We will update you on our website, Facebook, and via News and Announcements on the date

*Message from the Chief*  
Jarod J. Towers  
([policechief@cheverly-md.gov](mailto:policechief@cheverly-md.gov))

**One team, One mission, Team Cheverly!**

and time of that community discussion. Residents who wish to provide feedback on the policy may do so confidentially by sending an email to [Ganesha@meetmeinthemiddle.com](mailto:Ganesha@meetmeinthemiddle.com). This is an extremely important policy that guides and restricts how our police department operates in Cheverly. We ask that residents please take the time to review the policy and provide Ms. Martin with feedback. One of the goals of our department is to ensure that its Use of Force Policy is indicative of Cheverly's values while providing our officers the necessary framework to protect the community and themselves.

#### **CPD's General Orders are on our website**

Anyone who is interested in viewing the department's General Orders and Policy Manual can easily view them on our website at [CheverlyPolice.org](http://CheverlyPolice.org) and clicking on "General Orders" and "Policy Manual" on the left-hand side of the screen. Our General Orders are now broken out by chapter and key word searchable. Just to clarify, over the next year, maybe two, we will be working to replace all our current General Orders. As we do, new policies will become available in the Policy Manual and the old ones will be removed from "General Orders."

#### **CPD Hiring**

The department continues to seek the right officers for the position of patrol supervisor. Residents who refer a candidate who receives a final offer of employment will receive a check for \$500.00!

#### **Online Reporting**

In response to the COVID-19 pandemic, the department implemented an online reporting system for some non-emergency calls for service. These calls include auto tampering, destruction of property/property damage, lost property, theft from autos, and certain other thefts that don't rise to the level of burglary. Residents are encouraged to utilize this system, in lieu of the non-emergency number, for incidents that meet the requirements.

**The online portal can be found here:** <https://www.cheverly-md.gov/police-department/webforms/cheverly-police-department-online-report-submittal>

Once completed, the reports can be obtained, by request, via [reports@cheverlypolice.org](mailto:reports@cheverlypolice.org). Call from one of our officers to either gather further information, or to provide the respective case number. Once completed, the reports can be obtained, by request, via [reports@cheverlypolice.org](mailto:reports@cheverlypolice.org).

#### **Report Requests**

All reports can be requested, via email, at [reports@cheverlypolice.org](mailto:reports@cheverlypolice.org). When submitting your request, please include as much information as possible, that pertains to the report. In addition, for identification purposes, a photocopy of the requesting party's ID will need to accompany the request. In response to the state of emergency, all fees associated with report requests have been waived.

#### **[Tips@cheverlypolice.org](mailto:Tips@cheverlypolice.org)**

[Tips@cheverlypolice.org](mailto:Tips@cheverlypolice.org) is an email address that residents can use to send non-emergency tips or information to the department. Our investigators are constantly working to investigate criminal cases in which our residents have been victimized. If you have, or believe you have, information, photographs, or video that could assist the department, and you don't want to call, please send us an email. If you see someone in immediate danger, or a crime being committed, dial 911.

**Cheverly's Mass Notification System is here!** CodeRED allows residents to receive emergency alerts via text, email, or phone call. Upon signing up for the service, users can create a Managed Account, which allows the user to create a username and password and control the following:

1. Types of alerts received:
  - a. Emergency Alerts (Mandatory)
  - b. General Alerts (Optional)
  - c. Weather Alerts (Optional, as provided by the National Weather Service)

*Message from the Chief*  
 Jarod J. Towers

**One team, One mission, Team Cheverly!**

2. Method alerts are received:
  - a. Via text message
  - b. Via email
  - c. Via phone call

Users can also perform a Quick signup however, doing so would require the user to call CodeRED's customer service line in order to make any changes to the account.

Users are required to have either a residential or business address, within the Cheverly limits, in order to sign up for an account. The system supports multiple addresses, phone numbers, and emails.

In order to start receiving alerts, residents can sign up using any of the following ways:

By going to the Police Department's website and clicking on

By going to <https://public.coderedweb.com/CNE/en-US/BF05350699FE>

By scanning the following QR code with your smart phone or tablet:

Anyone who would like assistance signing up for alerts can call the department at 301-341-1055, to schedule an appointment.

### **CHEVERLY DAY 2021 PARADE**

The Cheverly Day Team is working on Cheverly Day 2021 -- the 90th anniversary. That means it's a parade year.

The parade is nothing without the creative people of Cheverly. Remember the synchronized lawnmowers? The Fairies? The clowns? The bands? The pompom teams?

Let's face it, we'll all be hunkered down this winter so get those creative juices flowing and start planning your parade entry. Since we don't know what will be happening on May 15, keep social distancing in mind.

Girl Scouts, Boy Scouts, town organizations, sports teams, church groups and neighborhoods get a little crazy and help make the 90th anniversary one to remember.

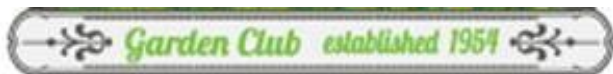

## **ST. AMBROSE SCHOOL**

St. Ambrose School is accepting applications for the 2021-2022 SY.

Check us out on our website at [sascheverly.org](http://sascheverly.org). Follow us on Facebook, Instagram and Twitter @stambrosebees

Please join us for our virtual Open House on Sunday, January 31.

Check our website for details or call the office at 301-773-0223.

The **Cheverly Garden Club** will be having a Zoom social meeting on Monday, January 18th at 7:00 pm. Details will be sent to Garden Club members. If you wish to join the meeting, e-mail your name and street address to [CheverlyGardenClub@verizon.net](mailto:CheverlyGardenClub@verizon.net) by January 16th. We hope to have a featured guest speaker for our February Zoom meeting scheduled for Monday, February 15th. If you have a cut Christmas tree, remember to water it daily. Watering keeps the

needles pliable and minimizes any fire danger. Poinsettias do best when placed in indirect sunlight and away from drafts. Water lightly when the top of the soil is dry. Remove any foil covering so water can drain after watering. With any luck your poinsettia should last about two months.

The Cheverly Garden Club's Life-Long Learning Grant is still taking applications. If you are interested in gardening, flowers, environmental issues, programs, and workshops to further your education, apply for one of our Lifelong Learning Grants. The maximum award is \$500. You can apply if you are 18 years old or older, reside in Cheverly or are a full-time employee of the Town. Grant applications are available by email. December 15th is the annual deadline for applications. For further information, please email Kay Holloway at [kay\\_holloway@hotmail.com](mailto:kay_holloway@hotmail.com).

## EMERGENCY RESPONSE TEAM (CERT)

Thank you to everyone who participated in the Holiday Food Drives, Food Distributions, and Cheverly Angel Tree. Big thanks to Councilmember Amy Fry for her leadership and coordination with CERT. Please feel free to contact us at [CheverlyCERT19@gmail.com](mailto:CheverlyCERT19@gmail.com) or [Chvcert@gmail.com](mailto:Chvcert@gmail.com) if you have any questions.

In the event of a winter storm and Emergency Sheltering is activated here in town, the message will go out on the Town's News & Announcements via email listserv. CERT is collaborating with the American Legion Post 108 and Cheverly's Troop 0257 and Pack 0257 members to safely assist the community in the event of an emergency.

## HOW TO STAY SAFE WHEN A WINTER STORM THREATENS:

### Prepare NOW

- Know your area's risk for winter storms. Extreme winter weather can leave communities without utilities or other services for long periods of time.
- Prepare your home to keep out the cold with insulation, caulking and weather stripping. Learn how to keep pipes from freezing. Install and test smoke alarms and carbon monoxide detectors with battery backups.
- Pay attention to weather reports and warnings of freezing weather and winter storms.
- Gather supplies in case you need to stay home for several days without power. Keep in mind each person's specific needs, including medication.
- Remember the needs of your pets. Have extra batteries for radios and flashlights. If you are able to, set aside items like soap, hand sanitizer that contains at least 60 percent alcohol, disinfecting wipes, and general household cleaning supplies that you can use to disinfect surfaces you touch regularly.
- Create an emergency kit for your car. Include jumper cables, sand, a flashlight, warm clothes, blankets, bottled water and non-perishable snacks. Keep a full tank of gas.

## Cheverly Community Forum for Accountability and Action (the Forum)

The *Cheverly Community Forum for Accountability and Action (the Forum)* launches on Friday, February 19, 2021! A new Town organization created by Cheverly neighbors to advance inclusion, equity, and justice, the Forum cultivates relationships, builds bridges, and provides platforms to involve those whose stories and perspectives are too often unheard, disregarded, or otherwise crucially missing from public discussion and decision. *The Forum* is open to all, and seeks out and listens to the concerns and ideas of people and organizations aiming to rectify and improve community life and local government. Accordingly, *the Forum* raises those voices, nurtures understanding, builds consensus around community priorities, and champions efforts to put them into effect. Forum events are open to the entire community.

Our core group of residents came together in July and has been collaborating since then on formation, plans, and strategies. We are excited to announce our initial series, *From Exclusion To Inclusion: Building the Beloved Community*, comprising three monthly two-part activities, each a Friday evening information session, with a speaker and Q&A, followed by a Saturday morning story circle session. The first will be held on February 19 and 20, 2021 (and of course all activities will be virtual until circumstances allow safe in-person gathering). Look for additional details in the next Town newsletter, or if you are interested in learning about joining the Forum's efforts, please reach out to Daphne Felten-Green at:

[dfeltengreen@gmail.com](mailto:dfeltengreen@gmail.com). **Please stay tuned and consider joining us as we develop this exciting speaker and activity series designed to build trust across our divides and discern community priorities for further action!** To learn more about our efforts, feel free to join us at a virtual Meet and Greet on January 8, 2021. Reach out to Daphne or Tammie Nelson at: [tammienelson@gmail.com](mailto:tammienelson@gmail.com) to find out the time and connection details.

## **CHEVERLY VILLAGE**

### **How can I get Mom to...? How can I convince my brother to...?**

In their mediation practice, Carolyn Miller Parr and Sig Cohen found that many older adults postpone having "the conversation" about their wills, plans, and wishes, because they fear losing their independence and the freedom to change their minds. In turn, their adult children don't push the issue because they're afraid to upset their parents or to seem greedy.

In an online presentation hosted by Cheverly Village on January 28, Parr and Cohen, authors of *Love's Way: Living Peacefully as Your Parents Age*, will help you discover what you need to know as responsible and responsive family members facing your parents' or your own aging. Using true stories, our speakers will offer hope and practical tips for changing family dynamics with wisdom and compassion. "We want to prevent families from making mistakes that can fracture relations among siblings and between them and their parents," says Cohen.

We invite you to start your family's new year with courage and love. Mark your calendars for 5:00 to 7:00 pm on January 28. Register and obtain details at [www.cheverlyvillage.org](http://www.cheverlyvillage.org), "Events List," and share the link with your family members. Clareen Heikal and Howard Branch, who read *Love's Way* for the Village's Program & Events Team, heartily recommend reading the book (168 pages). The book is available from Hendrickson Publishers as well as Amazon and other sellers.

Cheverly Village is busy planning additional programs—both educational and just for fun—for early 2021, and we will continue to bring you a rich variety of online events from other Washington-area Villages, cultural institutions, and libraries. These are open to everyone, so keep checking our website!

## **THE WOMAN'S CLUB**

### **Happy New Years!**

*May peace of heart fill all your days.  
May serenities grace your soul.  
May tranquil moments bless your life  
And keep your spirit whole.*

This past year has been unusually challenging for our nation and, therefore, for our Woman's Club. At the same time, our Club continues to step up and move forward towards positive outcomes.

This year we celebrated our 101st birthday, enjoyed supporting each other almost weekly by phone conference calls, encouraged a small group of new women to join our team, and expanded our social media presence.

This year we are looking forward to further helping our nation heal from the heavy political divide we are currently experiencing. One way we can help is to visualize the outcomes most of us want. So, take a few minutes as often as you can to visualize an American citizenry committed to healing into a cohesive unit. The type of energy we send out to the universe is the type of energy we get back.

Visualize everyone feeling, thinking, speaking, and doing from our highest selves that which is in the best interests of us all; that which puts positive energy in the world. We do not have to always agree on issues. We must care about, love, be kind and compassionate to others.

Join us this year. Every one of us is put in this world to contribute and make a difference to the world in our own unique way. Start off the new year right by making a resolution to get involved in the community. Stay positive. Realize your influence – volunteer your skillset to help a non-profit. Be a role model.

An individual membership is \$25 a year and a family membership is \$35. You can bring or mail your dues to Joyce Lang, 6424 Forest Rd. (773-2211) or Robin McClain, 6007 State St. (773-1367). Call us and we will pick it up!

## **CHEVERLY GREEN INFRASTRUCTURE COMMITTEE**

**Cheverly Green Infrastructure Committee  
January Monthly Meeting  
Date: Monday, January 4, 2021**

7:30-9:30 p.m., Large Conference Room, Cheverly Community Center, 6401 Forest Road, Cheverly  
*Or* virtually via Zoom, watch for announcements on the Cheverly town website.

Monthly meeting to report progress on Cheverly greening efforts and plan next steps and new initiatives. In implementing the Cheverly Green Infrastructure Plan, your Cheverly Green Infrastructure Committee is working on projects in education, planning, and research.

All are welcome to join us! Contact sheila.salo@gmail.com for a copy of the meeting agenda.

### **The Air We Breathe - Air Quality Monitoring Workshop**

The flyer is titled "Air Quality Monitoring" and "Jan. 2021 Workshop". It features a green background with a white border. On the left, there is an illustration of a playground with a slide and a tree. In the center, there is a text box that says "Help Fight Air Pollution in Cheverly. The Town and U. Maryland have partnered to establish a local Air Quality Monitoring network to gather data on pollution in Cheverly." To the right of this text box is a QR code with the text "SCAN ME" below it. Below the QR code is a small illustration of a bird. At the bottom of the flyer, there are two sections: "Topics" and "Get Involved". The "Topics" section lists: "Learn about Air Quality Monitoring in Town", "Community / Citizen Science", "Low-Cost Air Quality Monitors", and "Air Quality and Your Health - How Air Pollution is Affecting Human Health". The "Get Involved" section lists: "Help Set the Dates" with a link to "https://go.umd.edu/cheverlyairworkshop", and "Contact Cheverly Green Infrastructure Committee" with the email "karen.moe@earthlink.net". At the very bottom of the flyer, there are logos for "Purple Air", "U.S. Environmental Protection Agency", "COMMUNITY ENGAGEMENT, ENVIRONMENTAL JUSTICE & HEALTH", and "aeroqual".

During 2020 Cheverly teamed with Univ. of Maryland's Community, Engagement, Environmental Justice, and Health Lab (see [www.ceejhlab.org](http://www.ceejhlab.org)) to develop an Air Quality Monitoring (AQM) project led by Dr. Sacoby Wilson and PhD student Jan-Michael Archer. Purple Air sensors are now monitoring particulate matter air pollution levels at Town Center, the Cheverly Pool and Boyd Park. The monitors stream data to a map at [www.greencheverly.org](http://www.greencheverly.org). In January the AQM network will be expanded to include several places where people congregate and more host homes with proximity to industrial zones

and major roadways surrounding Cheverly. Training will be offered in a January virtual workshop. If you would like to host a Purple Air sensor and learn about air quality and your health, please contact the Cheverly Green Infrastructure Committee ([karen.moe@earthlink.net](mailto:karen.moe@earthlink.net)).

## **POLICE CHIEFS ADVISORY BOARD**

PCAB Policy Committee: Chief Towers has responded to our Body Worn Camera policy recommendations and his response will be shared on our Facebook page. The policy committee is developing recommendations to submit to Chief Towers regarding our Stop & Frisk policy and are sharing updates on our Facebook page. If you'd like to join this working group please email us.

PCAB's Youth Committee is still finalizing details for the upcoming Veruz event, and we hope to have a date set very soon. In the meantime, we are also starting to brainstorm additional events or activities that can be held virtually. If you have any suggestions or would like to collaborate with us, please email [CheverlyPCAB@gmail.com](mailto:CheverlyPCAB@gmail.com). We look forward to hearing from you!

### **There's still time to apply for the PCAB Doorbell Camera Rebate Program:**

To apply for a rebate, the following steps must be completed:

1. Purchase and install the camera(s).
  2. Complete the Private Security Camera Rebate Program Application: <https://forms.gle/oZXKkNF13LfYdSSr6>
  3. Submit this application.
  4. Sign up for a Home Security Survey
- Submissions are kept confidential, all information is required.
