FYI

FOR YOUR INFORMATION

Whew! We have been busy! The first thing I did as mayor was reach out to town staff to make sure they knew the town was there to support them during the transition. The second thing I did was schedule a meeting with Mr. Galloway, our town administrator, to discuss what could be accomplished and the time frames for those accomplishments. I love to plan. That must sound so odd, but nothing makes me happier than being able to cross a line through a completed task.

With the help of Council and staff, we have been able to accomplish so much in such a short time. Let's take a look: we executed the contract for the HVAC system and saved several thousands of dollars by having that contractor also complete the work for the town hall roof that was leaking. We got talented Public Works staff to do the tuck pointing for town hall so that the exterior will match the equally cool interior when we official reopen. We've gotten the wiring installed for Wi-Fi access and spruced up the office spaces. We've contracted out two of our major water issues and set up the Water Task Force.

I have started Ward Walks with interested Councilmembers and Mayor on the Move has begun! We have hired staff and started working on our Building Use and Communications policies. We were able to cut costs by splitting a position in half and creating a new office aide position. We have finally planned and scheduled the Leadership Retreat and Strategic Planning dates. We have improved accessibility and continue to look for ways to ensure our newsletter gets to people in the language they read.

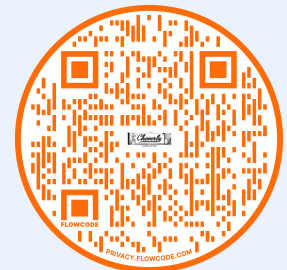

We've started the design meetings for Woodworth Park and submitted the redesign for Ward Four street safety improvements. We've applied for \$2 million dollars in grants for storm water management and received \$80,000 in grants for sidewalks in Ward 1 (this is separate and apart from American Rescue Plan funds). We've ushered in new technology for payroll and cheered our babies going back to school. We've said hello to new staff and are saying goodbye to an old friend in Chief Towers.

Granted, there is still so much more to do. In the works is a Senior Enrichment Day where seniors can learn about investments, social security, and have access to service providers. Youth Council and Youth Development initiatives, and so much more.

We are also pursuing funding opportunities. Historically, the town has not aggressively gone after large amounts of government funding for projects. I have a different approach. I want us to go after every dollar there is to add or improve sidewalks, increase green space, purchase and/or annex new properties, and continue to set us apart as the gem of Prince George's County. While Mayor and Council have started to hit a stride and generate synergy, we owe this all to staff. We have done a lot in less than three months! Imagine what the future holds!

Are you ready for Cheverly Day!!!! I am so excited about Cheverly Day this year. It has been hard not being able to see friends and family because of the pandemic. The Cheverly Day Committee has worked tirelessly to make sure this will be an event we won't forget. They have also implemented some rules to try to keep us safe. Please be sure to adhere to the mask requirements for different sections and parts of the celebration. I want to be able to see you after the event is over too!

Mayors' Mention:

Mayor's Mention is a brief mention of "kudos" in quick updates I do to thank our community for being the amazing citizens and residents they are. This month's Mayor's Mention goes to Mr. Bayo and Mr. Vishnu. These two residents have worked tirelessly and selflessly up and down Parkway, removing grass and debris from the street and away from stormwater drains. No one told them to clean the drains, they just saw what had to be done and took to it. It was a joy to learn that Mr. Bayo is new to the neighborhood. Way to dig in (pun intended)! Thank you both for looking out for your neighbors and our troubled stormwater system.

APPLICATION OPEN FOR NEW CHEVERLY CIVILIAN POLICE COMPLAINTS BOARD.

The Town of Cheverly adopted the Resolution In Support Of Black Lives. The Resolution pledged to create an independent police complaints board composed of Town residents. The independent police complaints board shall be a separate, apolitical, entity from any group or board currently active in the Town or associated with any Town function. The independent police complaints board's purpose will be to obtain and forward complaints to the Town of Cheverly Police Department's Chief of Police for community members who would otherwise not be comfortable submitting their complaints directly. The independent police complaints board will only have review authority of complaints in instances where a request for secondary review is initiated by community members. Upon request for secondary review, the independent police complaints board will review the completed report of investigation in order to advise the Cheverly Police Department's Chief of Police as to whether they believe the investigation was complete, thorough, and impartial.

Ideally, this board will be comprised of two members from each ward with one alternate. This is contingent on the pool of applications. Any Town resident is welcome to apply, unless you have a criminal conviction that is not expungeable under Maryland Law. This application will remain open for thirty (30) days after the posting and notice in the Town newsletter.

After the notice has been sent, the application will remain open for 30 days to ensure as many people as possible are made aware and can apply. Applicants must be Town residents without criminal convictions that are not expungable under Maryland law.

Selection Process:

After the close of the application, a panel will review the applications within 30 days, unless interest exceeds expectations and an extension is warranted to ensure all applications are properly reviewed. The selection criteria will be posted with the application.

The selection panel will be constituted as follows:

1. Town Administrator or designee
2. PCAB member (Selected by vote of their membership)
3. Civilian Oversight Expert
4. Member of the Ethics Commission (Selected by vote of their membership)
5. Ganesha Martin - in the case of any tie breaker

Ideally, 2 members from each ward will be appointed, with one alternate. Meeting this goal depends on resident participation from across the town.

Once the selection is made, the board will be announced. Meetings regarding board structure and governance along with training will happen throughout November.

In early December, a messaging campaign around the new board's role and the process for submitting complaints will be commenced by the Town. Ideally, by the end of December, the board should be able to take its first complaints.

Reimagining Cheverly Town Seal Community Survey

Cheverly's Town Seal*, which featured an image of Mt. Hope Plantation, was discarded by the Town in 2020 in favor of a redesign that better reflected Town ideals. In May 2021, Town Council hired the Neighborhood Design Center (NDC) to lead a community engagement and design process to create a new Town Seal. Council appointed a Town Seal Commission, made up of residents from each of the six wards, to work with NDC and their design team on the Seal redesign. Young people from each ward and artists were selected for the committee as these groups offer critical perspectives for the redesign.

We invite community members to complete this survey to ensure the new design captures the current and future values of the Town. It is also an opportunity to reflect on why a new seal is important!

* A Town Seal is the official emblem of the town, and it is used in town documents and other materials such as the town flag

Encuesta comunitaria “Reimaginando el Sello de la Ciudad de

El Sello de la Ciudad de Cheverly*, que presentaba una imagen de la Plantación de Mt. Hope, fue descartado por la Ciudad en 2020 en favor de un rediseño que pudiera reflejar mejor los ideales de la Ciudad. En mayo de 2021, el Consejo Municipal contrató al Neighborhood Design Center (NDC, por sus siglas en inglés) para liderar un proceso de participación y diseño ciudadano para crear un nuevo Sello de la Ciudad. El Consejo nombró una Comisión para el Sello de la Ciudad, formada por residentes de cada uno de los distritos o barrios, para trabajar con NDC y su equipo de diseñadores en el rediseño del Sello. Jóvenes y artistas de cada barrio fueron invitados a ser parte del comité porque estos grupos ofrecen críticas perspectivas sobre el rediseño.

Nosotros invitamos a los miembros de la comunidad a que completen esta encuesta para asegurarnos de que el nuevo diseño captura los valores presentes y futuros de la ciudad. ¡También constituye una oportunidad para reflexionar sobre por qué un nuevo sello es importante!

* El Sello de una Ciudad es el emblema oficial de la ciudad, y se usa en documentos y otros materiales municipales como la bandera de la ciudad

Message from the Chief

Over the last twelve years, I have taken great pride in being part of the social fabric of the Cheverly community. In that time, I have had the privilege to work alongside committed and passionate people to protect and serve every square inch of this town. I am forever grateful for the dedicated men and women of the Cheverly Police Department. It has been the absolute honor of my lifetime to serve as their Chief of Police.

In the three years I have been your Chief, I have helped guide the birth of an entirely new, progressive, community-oriented Department. I am proud to say the Department is prepared for the future, and with this solid foundation a new and even more exciting chapter awaits. I am encouraged by the health of the Department, the vitality and passion of its members, and confident the organization is prepared to continue to serve the Cheverly community while embracing its values of integrity, fairness, and teamwork. I am guided by a lesson learned throughout my life: leave the world a little better than you found it. It is my hope that I have done that with Cheverly and I can't wait to see the great things to come for this community.

I am grateful for the relationships, friends, and colleagues I have made throughout my career serving Cheverly. As is the case with any member of the community moving on to new horizons, I will always feel a connection to the town and will never truly be gone.

As the next Chief of Police for the City of Hyattsville, I am not going far. I'm excited by my own new chapter and I look forward to continuing to collaborate across our neighboring communities to make this area a safe and welcoming place for all.

Respectfully and with humble gratitude,

Jarod J. Towers

GREEN@HOME -- Homegrown National Park

Have you visited Homegrown National Park? It could be all around you.

Entomologist Doug Tallamy has called on each of us who has access to soil to plant native plants and remove invasive ones in order to support wildlife and ourselves. Homegrown National Park is described as a grassroots call to action to regenerate biodiversity and ecosystem function one yard or property at a time. The goal is to convert about one-half of the green lawns of privately-owned properties in the US to native plantings. We can do so in small increments, one patch at a time.

To learn more, and to put your yard on the map, see <https://homegrownnationalpark.org>.

Sharing Corner

Here we share an idea that you can use to help make our town and our world a place of caring, compassion, and love.

This month we share with you the life of Kitzy Dewey. Kitzy was a long-time member of the Women's Club during the 1970's and 80's when she lived in Cheverly. She was instrumental in bringing new members into the club, bringing baby car seats into use in the county (Kids in safety seats @ PG Hospital), and many other group projects that supported the town. We celebrate her life and appreciate her various contributions to our club and the town. We send condolences to her sons Chris, Mike, Josh and their families. In sharing, we ask you and your family to think of a person you know who is no longer with you and spend a few minutes in remembrance.

The Dave Chappell Band will be playing blues, rock, rockabilly, R&B and more, with dazzling musicianship and soulful vocals. Tickets are \$15 and are available at the Cheverly American Legion Post 108 and online at: the108musicseries.com. We will be starting back up The 108 Music Series live in the

Dugout on Saturday nights this fall. If you are willing to perform for tips and drinks please send an email to: 108musicseries@gmail.com

Halloween / Octoberfest - Friday, October 29th, 5-9pm. Beer garden style food, drinks, draft beer and live music on the rear parking lot. This beer garden will be a special dual Halloween and Octoberfest themed event. We are looking for the spookiest lederhosen clad zombie(s) to join the festivities! Cheverly American Legion will be selling brats, hotdogs and pretzels. Seating will be available inside and out. Also we will be having local DC ska band "The Fuss" playing and keeping things lively.

Last Chance - Help support a local Eagle Scout project and Cheverly American Legion by purchasing a memorial brick by the end of October. The brick purchases can represent a family member who served, yourself or your family, or just show your family's appreciation for those who have served. Purchases can be done through our website and you can see some of the bricks already at the WWII cannon memorial project on the front lawn.

Become a Member - Current or former servicemembers with at least one day in the armed services and being honorably discharged or those still in the military are eligible to join. Family members of an eligible servicemember may join too.

CHEVERLY VILLAGE **Goldilocks and the Flu Shot**

Flu season isn't here yet, but you may be thinking about getting the vaccine. Good for you! The question is, when? What is too early? What is too late, and what is just right?

Many vaccines—including flu vaccines—offer less protection over time. Think about when the peak flu season is and how to maximize your protection. Peak flu in Maryland typically happens during the month of February with early cases showing up in mid to late November and continuing into May. That means the “just right” time to get your flu shot is in September or October. If you get the vaccine too early, your protection may be lowered by the time the flu is in full swing. If you wait till November or December, you risk succumbing to exposure as cases rise. Keep in mind the flu vaccine takes 2 weeks to reach full effectiveness. If you get the flu before full inoculation, your illness might be worse. Expecting to get a COVID-19 booster? The CDC says it's okay to get the two shots close together, even at the same time. For more details from the CDC, see <https://www.cdc.gov/flu/prevent/keyfacts.htm>.

Cheverly Village is once again sponsoring a **drive-through flu clinic** with Wegman's Pharmacy for Cheverly residents. It is scheduled for Saturday, October 16th. In addition to flu vaccines, you may also get Shingrex and Pneumonia shots. However, the Cheverly drive-through flu clinic WILL NOT have COVID-19 booster shots available. Details will be available on the website: www.CheverlyVillage.org, Events; or you can reach us at 240-770-1033 or at village@cheverlyvillage.org.
